TENDER NOTIFICATION

Establishment of Integrated Public Distribution Monitoring System by Supplying, Installation, Commissioning, Establishment, Operation, Maintenance and Management of State-Level Command and Control Centre at the Office of the Commissioner, Food, Civil Supplies and Consumer Affairs Department, Bengaluru, Karnataka by integrating Vehicle Location Tracking System Devices (GPS) and Warehouse Surveillance Systems (CCTV) across the State.

SECTION I – INVITATION FOR BIDDERS (IFB)

1. The Food, Civil Supplies and Consumer Affairs Department, Government of Karnataka, proposes to Establish of State-Level Command and Control Centre by integrating GPS-Based Vehicle Location Tracking System (VLTS) devices installed for Whole sale & Retail food grain transportation vehicles across the state and CCTV Surveillance Systems installed at Wholesale Godowns across the State to reduce pilferage, diversion risks and operational discrepancies through technology enabled monitoring and automated validations.
2. The proposed State-Level Command and Control Centre will be set up at the Office of the Commissioner, Food, Civil Supplies and Consumer Affairs Department, Bengaluru, Karnataka and will be hosted on Karnataka State Data Centre (KSDC) infrastructure.
3. The objective of this project is to create a centralized, technology-driven platform for real-time monitoring, surveillance, tracking, and management of critical operations related to the Public Distribution System (PDS) across the State.
4. The proposed Command and Control Centre shall integrate the GPS-Based Vehicle Location Tracking System (VLTS) installed for Whole sale & Retail food grain transportation vehicles across the state and CCTV Surveillance Systems installed at Wholesale Godowns across the State.
5. The integrated platform shall provide a unified operational dashboard enabling real-time visibility of vehicle movement, warehouse activities, and other operational events, thereby enhancing transparency, accountability, security, and efficiency in the movement and storage of food grains.
6. The selected Bidder shall act as the System Integrator (SI) and shall be responsible for the supply, installation, integration, commissioning, operation, maintenance, and management of the complete Command and Control Centre infrastructure, including all necessary hardware, software, networking, analytics, monitoring applications, reporting tools, and support services and integrate the GPS-Based Vehicle Location Tracking System (VLTS) installed by the Transport Contractors to their food grain transportation vehicles and also the CCTV Surveillance Systems deployed at Wholesale Godowns by the respective Godown Owners.

7. **Executive Summary**

The Command and Control Centre shall provide the following capabilities:

- Centralized real-time monitoring of GPS-enabled food grain transportation vehicles across Karnataka from central warehouses (i.e FCI) to state warehouses (Godowns) and further to fair price shops (FPS).
- Live monitoring and recording of CCTV feeds from Wholesale Godowns across Karnataka.
- Unified dashboard for operational monitoring and incident management.
- GIS-based visualization of vehicle locations and transportation routes through RFID and ANPR based vehicle identification and validation mechanism.
- Intelligent alerts and notifications for predefined operational events and exceptions.
- Video analytics and surveillance management.
- Historical playback, reporting, MIS generation, reporting tools and audit trail management.
- Role-based access control with comprehensive security mechanisms.
- High availability, scalability, redundancy, and disaster recovery capabilities.
- Integration with existing and future departmental applications and digital platforms through standard APIs.
- To monitor route compliance, unauthorized stoppages, delays, suspicious movement patterns and operational deviations in real time.

8. The Contract period will be for 5 years which includes project period of 3 years and AMC of 2 years wherein the successful bidder shall provide the complete solution as specified in the executive summary and scope of work for the entire contract period, ensuring continuous availability, preventive maintenance, corrective maintenance, software updates, cybersecurity, system monitoring, technical support, technical & other manpower and compliance with the Service Level Agreements (SLAs) specified in this Tender.

9. The Department intends to select a technically competent and financially sound bidder with proven experience in implementing large-scale Command and Control Centre projects by integrating CCTV surveillance systems and GPS/VLTS integration for Government or Public Sector organizations through a transparent tendering process only.

10. This initiative is expected to significantly strengthen the monitoring and governance of the Public Distribution System by improving operational efficiency, minimizing pilferage and diversion of food grains, enabling data-driven decision-making, enhancing transparency,

and ensuring timely response to operational incidents across the State.

11. Other details can be seen in the tender documents.

A. Introduction

1. Eligible Tenderers

1.1. The Invitation for Bid is open to all Bidders including Government Institution / Semi - Government Institution / PSU's /Private Limited Company registered under the Companies Act, 1956 / 2013 / , Partnership Firm registered under the Limited Liability Partnership Act, 2008 / under the Indian Partnership Act of 1932 / Proprietor Firm /. The Bidders shall be eligible to participate only if they fulfill the Eligibility Criteria as specified in Section VII of Qualification Criteria.

1.2. Bidders should not be associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by the Purchaser to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods to be purchased under this Invitation of Tenders.

1.3. The Bidder or its Original Equipment Manufacturer should not have been debarred or blacklisted or service terminated or Performance Bank Guarantee forfeited by any State or Central Government Departments or Central & State Government Undertakings or Central & State Government Institutions or Semi-Government Organizations or PSU's or by any other Quasi Government bodies/ Organizations / Government E-marketing portals in India for corrupt & Fraudulent activities or security clearance or on account of failure in implementation of any project or supply of refurbished, outdated devices.

2. Cost of Tendering:

The Tenderer shall bear all costs associated with the preparation and submission of its tender, and The Commissioner, Food, Civil Supplies and Consumer Affairs Department Bengaluru hereinafter referred to as "the Purchaser", will in no case be responsible or liable for these costs, regardless of the conduct or outcome of the tender process.

B. The Tender Documents

3. Contents of Tender Documents

3.1. The goods required, tendering procedures and contract terms are prescribed in the tender documents. In addition to the Invitation for Tenders, the tender documents include:

(a) Instruction to Tenderers (ITT) ;
(b) General Conditions of Contract (GCC) ;
(c) Special Conditions of Contract (SCC) ;
(d) Schedule of Requirements;
(e) Technical Specifications;
(f) Tender Form and Price Schedules;

(g) Earnest Money Deposit Form;
(h) Contract Form;
(i) Performance Security Form;
(j) Performance Statement Form;
(k) Manufacturer's Authorization Form; and
(l) Equipment and Quality Control Form

3.2. The Tenderer is expected to examine all instructions, forms, terms, and specifications in the tender documents. Failure to furnish all information required by the tender documents or submission of a tender not substantially responsive to the tender documents in every respect will be at the Tenderer's risk and may result in rejection of its tender.

4. Clarification of Tender Documents

A prospective tenderer requiring any clarification of the tender document may notify the Purchaser in writing by attending the pre-bid meeting. The Purchaser will respond in writing to any request for clarification of the tender document which it receives on the day of pre-bid meeting. Written copies of the Purchaser's response will be published in the e-procurement portal in the form of Addendum / Corrigendum.

5. Amendment of Tender Documents

5.1 At any time prior to the deadline for uploading of tender, the Authority may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder, modify the tender documents by amendment.

5.2 Amendments, if any will be notified as Addendum/Corrigendum through the e-procurement portal and the same will be binding on all prospective Bidders.

5.3 In order to allow prospective Bidders reasonable time in which to take the amendment into account in preparing their tender, the Authority, at its discretion, may extend the deadline for the uploading of tender.

C. Preparation of Tenders

6. Language of Tender

6.1 The tender prepared by the Tenderer, as well as all correspondence and documents relating to the tender exchanged by the Tenderer and the Purchaser, shall be written in English language. Supporting documents and printed literature furnished by the Tenderer may be in another language provided they are accompanied by an accurate translation of the relevant passages in the English language in which case, for purposes of interpretation of the Tender, the translation shall govern.

7. Documents Constituting the Tender

7.1 The tender prepared by the Tenderer shall comprise the following components:

(a) A Tender Form and a Price Schedule completed in accordance with ITT Clauses 8, 9 and 10;

(b) Documentary evidence established in accordance with ITT Clause 11 that the Tenderer is eligible to participate in the tender and is qualified to perform the contract if its tender is accepted;

(c) Documentary evidence established in accordance with ITT Clause 12 that the goods and ancillary services to be supplied by the Tenderer are eligible goods and services and conform to the tender documents; and

(d) Earnest money deposit furnished in accordance with ITT Clause 13.

8. Tender Form

8.1 The Tenderer shall complete the Tender Form and the Price Schedule furnished in the tender documents, indicating the goods to be supplied, a brief description of the goods, their country of origin, quantity and prices as specified in the tender.

9. Tender Prices

9.1 The Tenderer shall indicate on the Price Schedule the unit prices and total tender prices of the goods it proposes to supply under the Contract. To this end, the tenderers are required to submit the tenders for all the schedules specified in the 'Schedule of Requirements' and to offer discounts for combined schedules. However, tenderers shall quote for the complete requirement of goods and services specified under each schedule on a single responsibility basis, failing which such tenders will not be taken into account for evaluation and will not be considered for award

9.2 Prices indicated on the Price Schedule shall be entered including all Services, Transportation & Other Incidental Charges as specified in the price schedule and also include:

(i) The price of the goods, quoted including all duties and GST and other taxes already paid or payable

(ii) Any Indian duties, sales and other taxes which will be payable on the goods if this Contract is awarded;

(iii) The price for inland transportation, insurance and other local costs incidental to delivery of the goods to their final destination; and

(iv) The price of other incidental services listed in Clause 13.7 of the Special Conditions of Contract.

9.3 The Tenderer's separation of the price components in accordance with ITT Clause 9.2 above will be solely for the purpose of facilitating the comparison of tenders by the Purchaser and will not in any way limit the Purchaser's right to contract on any of the terms offered.

9.4 Prices quoted by the Tenderer shall be fixed during the Tenderer's performance of the Contract and not subject to variation on any account. A tender submitted with an adjustable price quotation will be treated as non-responsive and rejected, pursuant to ITT Clause 22.

10. Tender Currency

10.1 Prices shall be quoted in Indian Rupees

11. Documents Establishing Tenderer's Eligibility and Qualifications

11.1 Pursuant to ITT Clause 7, the Tenderer shall furnish, as part of its Tender, documents establishing the Tenderer's eligibility to tender and its qualifications to perform the Contract if its tender is accepted.

11.2 The documentary evidence of the Tenderer's qualifications to perform the Contract if its tender is accepted, shall establish to the Purchaser's satisfaction:

(a) that, in the case of a Tenderer offering to supply goods under the contract which the Tenderer did not manufacture or otherwise produce, the Tenderer has been duly authorized (as per authorization form in (Section XIII) by the goods' Manufacturer or producer to supply the goods in India.

(b) that the Tenderer has the financial, technical, and production capability necessary to perform the Contract and meets the criteria outlined in the Qualification requirements specified in Section VII. To this end, all tenders submitted shall include the following information:

(i) The legal status, place of registration and principal place of business of the company or firm or partnership, etc.;

(ii) Details of experience and past performance of the tenderer on goods supplied and on those of similar nature and details of current contracts in hand and other commitments (suggested proforma given in Section XII);

12. Documents Establishing Goods Eligibility and Conformity to Tender Documents

12.1 Pursuant to ITT Clause 7, the Tenderer shall furnish, as part of its tender, documents establishing the eligibility and conformity to the tender documents of all goods and services which the tenderer proposes to supply under the contract.

12.2 The documentary evidence of conformity of the goods and services to the tender documents may be in the form of literature, drawings and data, and shall consist of:

(a) a detailed description of the essential technical and performance characteristics of the goods;
(b) a list giving full particulars, including available sources and current prices, of spare parts, special tools, etc., necessary for the proper and continuing functioning of the goods for 5 years of contract period which includes project period of 3 years and AMC of 2 years, following commencement of the use of the goods by the Purchaser; and
(c) an item-by-item commentary on the Purchaser's Technical Specifications demonstrating substantial responsiveness of the goods and services to those specifications or a statement of deviations and exceptions to the provisions of the Technical Specifications.

12.3 For purposes of the commentary to be furnished pursuant to ITT Clause 12.2(c) above, the Tenderer shall note that standards for workmanship, material and equipment, and references to brand names or catalogue numbers designated by the Purchaser in its Technical Specifications are intended to be descriptive only and not restrictive. The Tenderer may substitute alternative standards, brand names and/or catalogue numbers in its tender, provided that it demonstrates to the Purchaser's satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications. a list giving full particulars, including available sources and current prices,

13. Earnest Money Deposit

13.1 Pursuant to ITT Clause 7, the Tenderer shall furnish, as part of its tender, earnest money deposit in the amount as specified in Section – I (IFB)

13.2 The earnest money deposit is required to protect the Purchaser against the risk of Tenderer's conduct which would warrant the security's forfeiture, pursuant to ITT Clause 13.7.

13.3 The earnest money deposit shall be denominated in Indian Rupees and shall:

a) Should furnish EMD online through e-portal as per the options available.

Note: For Micro and Small Enterprises registered with NSIC under a single point vendor registration scheme are exempted from payment of Earnest Money Deposit (EMD) as per the GO/Circular guidelines/amendments issued by the GOK from time to time

i) Micro and Small Enterprises (MSE's) registered under Udyam Registration are eligible to avail the benefits under the policy.

ii) The MSEs are required to submit copy of documentary evidence, issued by their registering authority whether they are micro enterprise or small enterprise as per provisions of Public Procurement Policy for Micro and Small Enterprise (MSE's) Order, 2012 with latest guidelines/clarifications provided by MoMSME.

This documentary evidence is to be uploaded in the link provided under Additional Document.

b) Should remain valid for a period of 45 days beyond the original validity period of tenders, or beyond any period of extension subsequently requested under ITT Clause 14.2.

13.4 Any tender not secured in accordance with ITT Clauses 13.1 and 13.3 above will be rejected by the Purchaser as non-responsive, pursuant to ITT Clause 22.

13.5 Unsuccessful Tenderer's earnest money deposit will be discharged/returned as promptly as possible but not later than 30 days after the expiration of the period of tender validity prescribed by the Purchaser, pursuant to ITT Clause 14.

13.6 The successful Tenderer's earnest money deposit will be discharged upon the Tenderer signing the Contract, pursuant to ITT Clause 30, and furnishing the performance security, pursuant to ITT Clause 31.

13.7 The tender security may be forfeited:

(a) if a Tenderer (i) withdraws its tender during the period of tender validity specified by the Tenderer on the Tender Form; or (ii) does not accept the correction of errors pursuant to ITT Clause 22.3; or

(b) in case of a successful Tenderer, if the Tenderer fails:
(i) to sign the Contract in accordance with ITT Clause 30; or
(ii) to furnish performance security in accordance with ITT Clause 31.

14. Period of Validity of Tenders

14.1 Tenders shall remain valid for 90 days after the deadline for submission of tenders prescribed by the Purchaser, pursuant to ITT Clause 17. A tender valid for a shorter period shall be rejected by the Purchaser as non- responsive.

14.2 In exceptional circumstances, the Purchaser may solicit the Tenderer's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing or by cable or telex or fax. The earnest money deposit provided under ITT Clause 13 shall also be suitably extended. A Tenderer may refuse the request without forfeiting its earnest money deposit. A Tenderer granting the request will not be required nor permitted to modify its tender.

15. Format and Signing of Tender

15.1 The Bidder shall upload the tender along with all the requisite documents through e-proc system by using user ID and digital signature on Technical and Financial Bids.

15.2 The original and all copies of the tender shall be typed or written in indelible ink and shall be signed by the Tenderer or a person or persons duly authorized to bind the tenderer to the Contract. The latter authorization shall be indicated by written power-of-attorney accompanying the tender. All pages of the tender, except for unamended printed literature, shall be initialed by the person or persons signing the tender.

15.3 Any interlineations, erasures or overwriting shall be valid only if they are initialed by the persons or persons signing the tender.

15.4 The Tenderer shall furnish information as described in the Form of Tender on commissions or gratuities, if any, paid or to be paid to agents relating to this Tender, and to contract execution if the Tenderer is awarded the contract.

D. Submission of Tenders

16. Sealing and Marking of Tenders

16.1 The Bidders shall upload the tender document through e-proc system only. No other mode of submission is permitted.

16.2 The tender shall be addressed to the Authority at the following address:

The Commissioner,
Office of the Commissioner,
Food, Civil Supplies & Consumer Affairs Department,
No. 8, Cunningham Road, Bangalore - 560052
Phone: +91-80-22262187
Email: com.fcs-ka@nic.in , ddit.fcs-ka@nic.in

Mentioning the Project Name, the Invitation for Tender (IFT) title and number.

16.3 The Bidder shall provide the name and address of the Bidder to make any further correspondence.

16.4 Telex, cable or facsimile tenders will be rejected.

17. Deadline for Submission of Tenders

17.1 Tenders must be uploaded by the Bidders no later than the time and date specified in the Invitation for Bidders (Section I) on the e-procurement portal.

17.2 The Purchaser may, at its discretion, extend this deadline for submission of tenders by amending the tender documents in accordance with ITT Clause 5, in which case all rights and obligations of the Purchaser and Tenderers previously subject to the deadline will thereafter be subject to the deadline as extended.

18. Late Tenders

18.1 Tenders cannot be uploaded by the Bidders after the deadline for uploading on the e-procurement portal prescribed by the Authority.

19. Modification and Withdrawal of Tenders

19.1 The Tenderer may modify or withdraw its tender after the tender's submission, provided that written notice of the modification or withdrawal is received by the Purchaser prior to the deadline prescribed for submission of tenders.

19.2 The Tenderer's modification or withdrawal notice shall be prepared, sealed, marked and dispatched in accordance with the provisions of ITT Clause 16. A withdrawal notice may also be sent by telex or cable or fax but followed by a signed confirmation copy, post marked not later than the deadline for submission of tenders.

19.3 No tender may be modified subsequent to the deadline for submission of tenders.

19.4 No tender may be withdrawn in the interval between the deadline for submission of tenders and the expiration of the period of tender validity specified by the Tenderer on the Tender Form. Withdrawal of a tender during this interval may result in the Tenderer's forfeiture of its earnest money deposit, pursuant to ITT Clause 13.7.

19.5 In the My bids section of the e- procurement portal, the Bidder can view the status of their bids and decrypt bid (i.e. in cases where the Bidder has chosen to encrypt the tender using his own public key) for modification or withdrawal before the due date & time for uploading.

E. Tender Opening and Evaluation of Tenders

20. Opening of Tenders by the Purchaser

20.1 Opening of Technical Bid of all Bidders uploaded through e-proc system and evaluate to determine whether each tender meets the eligibility criteria accompanied by the required earnest money deposit and meets the qualification criteria stipulated in Section VII.

20.2 Opening of Financial Bid of only Technically Qualified Bidders through e-proc system which could be viewed automatically by the respective technically qualified bidders. In this regard no separate intimation shall be made by the Authority.

21. Clarification of Tenders

21.1 During evaluation of tenders, the Purchaser may, at its discretion, ask the Tenderer for a clarification of its tender. The request for clarification and the response shall be in writing and no change in prices or substance of the tender shall be sought, offered or permitted.

22. Preliminary Examination

22.1 The Purchaser will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order.

22.2 If the tender security furnished is adequate.

22.3 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the lowest of the two will prevail. If the supplier does not accept the correction of errors, its tender will be rejected and its tender security may be forfeited.

22.4 The Purchaser may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such a waiver does not prejudice or affect the relative ranking of any Tenderer.

22.5 Prior to the detailed evaluation, pursuant to ITT Clause 23, the Purchaser will determine the substantial responsiveness of each tender to the tender documents. For purposes of these Clauses, a substantially responsive tender is one which conforms to all the terms and conditions of the tender documents without material deviations. Deviations from or objections or reservations to critical provisions such as those concerning Performance Security (GCC Clause 6).

Warranty (GCC Clause 10), Force Majeure (GCC Clause 19), Limitation of liability (GCC Clause 23), Applicable law (GCC Clause 25), and Taxes & Duties (GCC Clause 27) will be deemed to be a material deviation. The Purchaser's determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

22.6 If a tender is not substantially responsive, it will be rejected by the Purchaser and may not subsequently be made responsive by the Tenderer by correction of the non-conformity.

23. Evaluation and Comparison of Tenders

23.1 The Bidder with the Highest Score (hereinafter referred to as ("H1") shall be awarded the Contract as per the tender.

23.2 The tender would be evaluated on Quality and Cost Based Selection (QCBS) Evaluation based on weightage of Technical Proposal (70%) & Financial Proposal (30%).

23.3 The Technical Score of a Bidder (Tb) will be assigned to the Tenderer & it will be awarded based on the Technical Evaluation Criteria as specified. The Authority's decision in this regard shall be final & binding and no further discussion will be held with the Bidder whose bids are technically disqualified / rejected. Bidder with Technical Score of 70 and above will qualify for the evaluation of commercial bids. The total Technical Scores achieved by the Tenderer shall be shared with the Tenderers and under no circumstances will the breakup of the Technical Score be shared with the Tenderer.

23.4 The weightage of the technical and financial parameters will be in the ratio of 70:30 respectively. For calculation of the combined Technical and Price Score of all Bidder, following formula will be used:

Total Score = [(Technical Score x 0.70) + ((LP/OP x 100) x 0.30)]

Where LP is the Lowest Price offer of the Technically Qualified Bidder and OP is the Offer Price of the bidder being evaluated. Bidder scoring highest "Total Score" or "H1" will be given highest priority and will be selected.

24. Delivery Schedule:

24.1 The Purchaser requires that the goods under the Invitation for Tenders shall be delivered at the time and location specified in the Special Conditions of Contract which may be modified, increased or decreased by the Purchaser. The estimated time of arrival of the goods at the project site should be calculated after allowing for

reasonable transportation time. No credit will be given to earlier deliveries and tenders offering delivery beyond one week of stipulated delivery period will be treated as unresponsive.

25. Contacting the Purchaser

25.1 Subject to ITT Clause 21, no Tenderer shall contact the Purchaser on any matter relating to its tender, from the time of the tender opening to the time the Contract is awarded. If the tenderer wishes to bring additional information to the notice of the purchaser, it should do so in writing.

25.2 Any effort by a Tenderer to influence the Purchaser in its decisions on tender evaluation, tender comparison or contract award may result in rejection of the Tenderer's tender.

F. Award of Contract

26. Award Criteria

26.1 Subject to ITT Clause 28, the Purchaser will award the Contract to the successful Tenderer whose tender has been determined to be substantially responsive and has been determined as the Highest Score (hereinafter referred to as ("H1") shall be awarded the Contract.

27. Purchaser's right to vary Quantities at Time of Award

27.1 The Purchaser reserves the right at the time of Contract award to increase or decrease by up to 25 percent of the quantity of goods and services originally specified in the Schedule of Requirements without any change in unit price or other terms and conditions.

28. Purchaser's Right to Accept Any Tender and to Reject Any or All Tenders

28.1 The Purchaser reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected Tenderer or Tenderers.

29. Notification of Award

29.1 Prior to the expiration of the period of tender validity, the Purchaser will notify the successful tenderer in writing by registered letter or by cable/telex/e-mail or fax, to be confirmed in writing by registered letter, that its tender has been accepted.

29.2 The notification of award will constitute the formation of the Contract.

29.3 Upon the successful Tenderer's furnishing of performance security pursuant to ITT Clause 31, the Purchaser will discharge its earnest money deposit to each unsuccessful Tenderer, pursuant to ITT Clause 13.

29.4 If, after notification of award, a Tenderer wishes to ascertain the grounds on which its tender was not selected, it should address its request to the Purchaser. The Authority may choose to respond in writing to the unsuccessful Bidder as the case maybe. The Authority is not liable in any manner whatsoever to response to such request at any time.

29.5 In case of cancellation of the tender post Notification of Award for any reasons whatsoever due to valid written proof of false / fake information and/or documents is available to the Authority against the Successful Bidder, the Authority shall not be liable for cancellation of tender or Notification of Award and the Successful Bidder does not have the right for any legal recourse against the Authority in such a scenario.

30. Signing of Contract

30.1 At the same time as the Purchaser notifies the successful tenderer that its tender has been accepted, the Purchaser will send the Tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

30.2 Within 15 days of receipt of the Contract Form, the successful Tenderer shall sign and date the Contract and return it to the Purchaser.

31. Performance Security

31.1 Within 15 days of the receipt of notification of award from the Purchaser, the successful Tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents or in another form acceptable to the Purchaser.

31.2 Failure of the successful Tenderer to comply with the requirement of ITT Clause 30.2 or ITT Clause 31.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the earnest money deposit, in which event the Purchaser may make the award to the next lowest evaluated Tenderer or call for new tenders.

32. Corrupt or Fraudulent Practices

32.1 The Government requires that Tenderers/ Suppliers/ Contractors observe the highest standard of ethics during the procurement and execution of Government financed contracts. In pursuance of this policy, the Government

a) defines, for the purposes of this provision, the terms set forth as follows:

- "corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and

- "fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Government, and includes collusive practice among Tenderers (prior to or after tender submission) designed to establish tender prices at artificial non-competitive levels and to deprive the Government of the benefits of free and open competition;

b) will reject a proposal for award if it determines that the Tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;

c) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded a Government financed contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a Government-financed contract.

32.2 Furthermore, Tenderers shall be aware of the provision stated in sub-clause 4.4 and sub-clause 18.1 of the General Conditions of Contract.

SECTION III: GENERAL CONDITIONS OF CONTRACT

General Conditions of Contract

1. Definitions

1.1 In this Contract, the following terms shall be interpreted as indicated:

(a) "The Contract" means the agreement entered into between the Purchaser and the Supplier, as recorded in the Contract Form signed by the parties, including all the attachments and appendices thereto and all documents incorporated by reference therein;
(b) "The Contract Price" means the price payable to the Supplier under the Contract for the full and proper performance of its contractual obligations;
(c) "The Goods" means all the equipment, machinery, and/or other materials which the Supplier is required to supply to the Purchaser under the Contract;
(d) "Services" means services ancillary to the supply of the Goods, such as transportation and insurance, and any other incidental services, such as installation, commissioning, provision of technical assistance, training and other obligations of the Supplier covered under the Contract;
(e) “GCC” means the General Conditions of Contract contained in this section.
(f) “SCC” means the Special Conditions of Contract.
(g) “The Purchaser” means the organization purchasing the Goods, as named in SCC.
(h) “The Purchaser’s country” is the country named in SCC.
(i) “The Supplier” means the individual or firm supplying the Goods and Services under this Contract.
(j) “The Government” means the Government of Karnataka State.
(k) “The Project Site”, where applicable, means the place or places named in SCC.
(l) “Day” means calendar day.

2. Application

2.1 These General Conditions shall apply to the extent that they are not superseded by provisions in other parts of the Contract.

3. Standards

3.1 The Goods supplied under this Contract shall conform to the standards mentioned in the Technical Specifications, and, when no applicable standard is mentioned, to the authoritative standard appropriate to the Goods' country of origin and such standards shall be the latest issued by the concerned institution.

4. Use of Contract Documents and Information; Inspection and Audit by the Government

4.1 The Supplier shall not, without the Purchaser's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the Purchaser in connection

therewith, to any person other than a person employed by the Supplier in performance of the Contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.

4.2 The Supplier shall not, without the Purchaser's prior written consent, make use of any document or information enumerated in GCC Clause 4.1 except for purposes of performing the Contract.

4.3 Any document, other than the Contract itself, enumerated in GCC Clause 4.1 shall remain the property of the Purchaser and shall be returned (in all copies) to the Purchaser on completion of the Supplier's performance under the Contract if so required by the Purchaser.

4.4 The supplier shall permit the Government to inspect the Supplier's accounts and records relating to the performance of the Supplier and to have them audited by auditors appointed by the Government, if so required by the Government.

5. Patent Rights

5.1 The Supplier shall indemnify the Purchaser against all third-party claims of infringement of patent, trademark or industrial design rights arising from use of the Goods or any part thereof in India.

6. Performance Security

6.1 Within 15 days of receipt of the notification of contract award, the Supplier shall furnish Performance Security to the Purchaser for an amount of 5% of the Contract Value, valid up to 60 days after the date of completion of performance obligations including Warranty obligations. In the event of any correction of defects or replacement of defective material during the Warranty period, the Warranty for the corrected/replaced material shall be extended as per the company standards and the Performance Bank Guarantee for proportionate value shall be extended 60 days over and above the initial Warranty period.

6.2 The proceeds of the performance security shall be payable to the Purchaser as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

6.3 The Performance Security shall be denominated in Indian Rupees and shall be in one of the following forms:

(a) A Bank guarantee or irrevocable Letter of Credit, issued by a Nationalized/Scheduled bank in the form provided in the tender documents or another form acceptable to the Purchaser; or

(b) A cashier's check or Banker's certified check, or crossed demand draft or pay order drawn in favor of the Purchaser.; or

(c) Specified small savings instruments pledged to the Purchaser.

6.4 The Performance Security will be discharged by the Purchaser and returned to the Supplier not later than 60 days following the date of completion of the Supplier's performance obligations, including any Warranty obligations, under the Contract.

6.5 In the event of any contract amendment, the Supplier shall, within 20 days of receipt of such amendment, furnish the amendment to the Performance Security, rendering the same valid for the duration of the Contract as amended for 60 days after the completion of performance obligations including Warranty obligations.

7. Delivery and Documents

7.1 Delivery of the Goods shall be made by the Supplier in accordance with the terms specified by the Purchaser in the Notification of Award. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.

8. Insurance

8.1 The Goods supplied under the Contract shall be fully insured in Indian Rupees against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery. For delivery of goods at site, the insurance shall be obtained by the Supplier in an amount equal to 110% of the value of the goods from "warehouse to warehouse" (final destinations) on "All Risks" basis including War risks and Strikes.

9. Incidental Services

9.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:

(a) performance or supervision of the on-site assembly and/or start-up of the supplied Goods;

(b) furnishing of tools required for assembly and/or maintenance of the supplied Goods;

(c) furnishing of detailed operations and maintenance manual for each appropriate unit of supplied Goods;

(d) performance or supervision or maintenance and/or replacement of the supplied Goods, for a period of time agreed by the parties, provided that this service shall not relieve the Supplier of any warranty obligations under this

Contract; and

(e) Training of the Purchaser's personnel, at the Supplier's plant and/or on-site, in assembly, start-up, operation, maintenance and/or repair of the supplied Goods.

(f) Any additional services as specified in SCC.

9.2 Prices charged by the Supplier for incidental services, will be included in the Contract Price for the Goods.

10. Warranty

10.1 The Supplier warrants that the Goods supplied under this Contract are new, unused, of the most recent or current models and that they incorporate all recent improvements in design and materials unless provided otherwise in the Contract. The Supplier further warrants that all Goods supplied under this Contract shall have no defect arising from design, materials or workmanship (except when the design and/or material is required by the Purchaser's Specifications) or from any act or omission of the Supplier, that may develop under normal use of the supplied Goods in the conditions prevailing in the country of final destination.

10.2 This warranty shall remain valid as per the company standards after the Goods or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the Contract, or for 66 months after the date of shipment from the place of loading whichever period concludes earlier. The Supplier shall, in addition, comply with the performance and/or consumption guarantees specified under the Contract. If for reasons attributable to the Supplier, these guarantees are not attained in whole or in part, the Supplier shall at its discretion either:

(a) make such changes, modifications, and/or additions to the Goods or any part thereof as may be necessary in order to attain the contractual guarantees specified in the Contract at its own cost and expense and to carry out further performance tests in accordance with SCC Clause 4;

OR

(b) pay liquidated damages to the Purchaser with respect to the failure to meet the contractual guarantees. The rate of these liquidated damages shall be as specified in the Technical Specifications.

10.3 The Purchaser shall promptly notify the Supplier in writing of any claims arising under this warranty.

10.4 Upon receipt of such notice, the Supplier shall, within the period of 3 days and with all reasonable speed, repair or replace the defective Goods or parts thereof,

free of cost at the ultimate destination. The Supplier shall take over the replaced parts/goods at the time of their replacement. No claim whatsoever, shall lie on the Purchaser for the replaced parts/goods thereafter. In the event of any correction of defects or replacement of defective material during the Warranty period, the Warranty for the corrected or replaced material shall be valid as per the company standards or for 60 months.

10.5 If the Supplier, having been notified, fails to remedy the defect(s) within 3 days, the Purchaser may proceed to take such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.

11. Payment

11.1 The method and conditions of payment to be made to the Supplier under this Contract shall be specified in the SCC.

11.2 The Supplier's request(s) for payment shall be made to the Purchaser in writing, accompanied by an invoice describing, as appropriate, the Goods delivered and the Services performed, and by documents, submitted pursuant to GCC Clause 7, and upon fulfillment of other obligations stipulated in the contract.

11.3 Payments shall be made promptly by the in no case later than sixty (60) days after submission of the invoice or claim by the Bidder.

11.4 Payment shall be made in Indian Rupees.

12. Prices

12.1 Prices payable to the Bidder as stated in the contract shall be firm during the performance of the contract.

13. Contract Amendments

13.1 No variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

14. Assignment

14.1 The Supplier shall not assign, in whole or in part, its obligations to perform under the Contract, except with the Purchaser's prior written consent.

15. Subcontracts

15.1 No Sub-Contracting or sub-letting shall be allowed by the Successful Bidder.

16. Delays in the Supplier's Performance

16.1 Delivery of the Goods and performance of the Services shall be made by the Supplier in accordance with the time schedule specified by the Purchaser in the Schedule of Requirements.

16.2 If at any time during performance of the Contract, the Supplier should encounter conditions impeding timely delivery of the Goods and performance of Services, the Supplier shall promptly notify the Purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation and may, at its discretion, extend the Supplier's time for performance with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of the Contract.

16.3 Except as provided under GCC Clause 19, a delay by the Supplier in the performance of its delivery obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 17, unless an extension of time is agreed upon pursuant to GCC Clause 16.2 without the application of liquidated damages.

17. Liquidated Damages

17.1 Subject to GCC Clause 19, if the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract or fails to Supply the Quantity as specified in the Contract or Replace the defective goods within the specified period in the Contract, the Purchaser shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to 0.5% of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of 10% of the Contract Price. Once the maximum is reached, the Purchaser may consider termination of the Contract pursuant to GCC Clause 18.

18. Termination for Default

18.1 The Purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, terminate the Contract in whole or part:

(a) if the Supplier fails to deliver any or all of the Goods within the period(s) specified in the Contract, or within any extension thereof granted by the Purchaser pursuant to GCC Clause 16; or

(b) if the Supplier fails to perform any other obligation(s) under the Contract or

(c) If the Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract or

(d) If the supplier violates any other conditions as mentioned in the Special conditions of Contract

For the purpose of this Clause:

"Corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.

"fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Borrower, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Borrower of the benefits of free and open competition.

18.2 In the event the Purchaser terminates the Contract in whole or in part, pursuant to GCC Clause 18.1, the Purchaser may procure, upon such terms and in such manner as it deems appropriate, Goods or Services similar to those undelivered, and the Supplier shall be liable to the Purchaser for any excess costs for such similar Goods or Services. However, the Supplier shall continue the performance of the Contract to the extent not terminated.

19. Force Majeure

19.1 Notwithstanding the provisions of GCC Clauses 16, 17, 18, the Supplier shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

19.2 For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

19.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

20. Termination for Insolvency

20.1 The Purchaser may at any time terminate the Contract by giving written notice to the Supplier, if the Supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the Purchaser.

21. Termination for Convenience

21.1 The Purchaser, by written notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.

22. Settlement of Disputes

22.1 The Purchaser and the supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.

22.2 If the parties fail to resolve any such dispute or difference by mutual consultation within 45 days, then the dispute would be resolved by the Additional Chief Secretary / Principal Secretary, Food, Civil Supplies and Consumer affairs department. The decision of the Additional Chief Secretary / Principal Secretary, Food, Civil Supplies and Consumer affairs department shall be final and binding on all the parties

22.3 All legal claims shall be at Authority's Jurisdiction, in Bengaluru, Karnataka only.

23. Limitation of Liability

23.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 5,

(a) the Supplier shall not be liable to the Purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser; and

(b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective goods.

24. Governing Language

24.1 The contract shall be written in English language. Subject to GCC Clause 25, English language version of the Contract shall govern its interpretation. All correspondence and other documents pertaining to the Contract which are exchanged by the parties shall be written in the same language.

25. Applicable Laws

25.1 The Contract shall be interpreted in accordance with the laws of the Union of India & State of Karnataka.

26. Notices

26.1 Any notice given by one party to the other pursuant to this Contract shall be sent to other party in writing or by email or by cable, telex or facsimile and confirmed in writing to the other Party's address specified in SCC.

26.2 A notice shall be effective when delivered either through registered post/e-mail or on the notice's effective date, whichever is later.

27. Taxes and Duties

27.1 Suppliers shall be entirely responsible for all taxes, duties, license fees, octroi, road permits, etc., incurred until delivery of the contracted Goods to the Purchaser's selected locations.

SECTION IV: SPECIAL CONDITIONS OF CONTRACT

The following Special Conditions of Contract shall supplement the General Conditions of Contract. Whenever there is a conflict, the provisions herein shall prevail over those in the General Conditions of Contract. The corresponding clause number of the General Conditions is indicated in parentheses.

1. Definitions (GCC Clause 1)

(a) The Purchaser is "The Commissioner, Food, Civil Supplies and Consumer Affairs Department, Government of Karnataka".

(b) The Supplier is "The Successful Bidder is firm or Company supplying the Goods and Services" under this Contract.

2. Scope of Work

The successful bidder shall provide an end-to-end managed service for establishment and operation of the Command and Control Centre by integrating GPS-Based Vehicle Location Tracking System (VLTS) devices installed by the Transport Contractors for their Whole sale & Retail food grain transportation vehicles across the state and also CCTV Surveillance Systems installed by the respective Godown Owners at Wholesale Godowns across the State and SMART-PDS applications, APIs like Vahana, Sarathi, etc and other identified external systems.

The scope of work shall include, but not be limited to, the following:

2.1 Requirement Study and Solution Design

The SI shall conduct a detailed study of the Department's operational requirements and prepare the complete system architecture.

The activities shall include:

- Requirement gathering.
- Business process study.
- Functional Requirement Specification (FRS).
- System Requirement Specification (SRS).
- High-Level Design (HLD).
- Low-Level Design (LLD).
- Network Design.
- Security Architecture.
- Database Design.
- Integration Design.
- Disaster Recovery Strategy.

- Implementation Methodology.
- Testing and Commissioning Plan.
- Operations and Maintenance Plan.

All design documents shall be submitted for Department approval before implementation.

2.2. Software Solution Scope

The bidder shall deploy the complete software ecosystem required for centralized monitoring and operational management of the Public Distribution System supply chain.

The software scope shall broadly include web applications, centralized monitoring dashboards, integration platforms, analytics systems, alert management systems, MIS reporting modules, and monitoring tools.

The proposed software platform shall include, but not be limited to, the following modules:

1. Vehicle & GPS Device On boarding Module

The bidder shall deploy a centralized vehicle and GPS device management module for maintaining authenticated records of all transportation vehicles and GPS devices used for commodity transportation.

The module shall include:

- Vehicle registration and master management
- Transporter/contractor details management
- GPS device onboarding and mapping
- AIS-140 GPS device integration
- Vehicle authorization and validation controls
- Device health and status monitoring
- Permit validity and fitness certificate tracking
- Duplicate vehicle/device validation controls
- GPS device warranty and AMC tracking
- Vehicle-wise monitoring and reporting
- Load carrying capacity details

2. Route Master & Route Compliance Management Module

The bidder shall implement a route management and geo-fencing module for defining

authorized transportation routes and monitoring route adherence during commodity transportation as defined and directed by the Department.

The module shall include:

- Route master configuration
- Source-to-destination route mapping
- Geo-fence creation for warehouses and FPS locations
- Route deviation limit configuration
- Authorized stoppage point configuration
- Expected travel time configuration
- Vehicle-to-route assignment
- Route compliance monitoring
- ETA prediction and monitoring
- Route violation detection and alert generation

3. GPS Live Monitoring & Trip Lifecycle Management Module

The bidder shall implement a centralized GPS-based live vehicle monitoring and trip lifecycle management system for continuous monitoring of transportation activities.

The module shall include:

- State-wide live vehicle tracking dashboard
- Real-time location monitoring
- Vehicle movement status monitoring
- Ignition ON/OFF monitoring
- Trip initiation and trip closure management
- Geo-fence-based trip start/end automation
- Vehicle halt and idle monitoring
- Route deviation monitoring
- Trip replay and historical playback
- Vehicle utilization monitoring
- Automated alerts for delays, stoppages, route deviations, and device tampering
- District-wise and contractor-wise monitoring dashboards
- Load Carrying details

4. **RFID-Based Vehicle Identification & Verification Module**

   The bidder shall implement RFID-based vehicle authentication systems for tamper-resistant verification of authorized transportation vehicles at warehouse locations.

   The module shall include:

   - RFID tag management
   - RFID reader integration
   - RFID-to-vehicle mapping
   - Vehicle entry and exit detection
   - RFID and ANPR cross-verification
   - Unauthorized vehicle detection
   - RFID transaction logging and monitoring
   - RFID-based compliance monitoring reports

5. **ANPR Camera Integration & Automated Vehicle Detection Module**

   The bidder shall integrate ANPR (Automatic Number Plate Recognition) systems with the centralized monitoring platform for automated vehicle detection and verification at warehouse entry and exit points.

   The scope shall include:

   - ANPR camera integration
   - Automated number plate capture
   - Entry and exit vehicle logging
   - Timestamp-based vehicle monitoring
   - Unauthorized vehicle detection
   - Vehicle movement analytics
   - ANPR transaction monitoring dashboards
   - Integration with RFID validation systems

6. **CCTV Surveillance Monitoring Module**

   The bidder shall implement centralized CCTV surveillance integration for monitoring warehouse operations and commodity handling activities.

The scope shall include:

- CCTV camera feed integration
- Centralized live video monitoring
- Video recording and playback access
- Warehouse entry/exit monitoring
- Commodity loading/unloading monitoring
- Incident-based surveillance monitoring
- CCTV event monitoring dashboards

7. **Central Command & Control Room Monitoring Dashboard**

The Bidder shall establish a fully functional centralized Command & Control monitoring platform by supplying, installing, configuring, testing, and commissioning all required infrastructure as per the Technical Specifications by integrating GPS-Based Vehicle Location Tracking System (VLTS) devices installed for Whole sale & Retail food grain transportation vehicles across the state and CCTV Surveillance Systems installed at Wholesale Godowns across the State for state-wide operational monitoring and supervision.

The dashboard shall provide:

- State-wide live vehicle tracking
- Warehouse surveillance monitoring
- RFID and ANPR event monitoring
- Alert and incident management
- Trip lifecycle monitoring
- Commodity movement visibility
- Route compliance monitoring
- Vehicle utilization analytics
- Exception monitoring dashboards
- Real-time operational status dashboards
- District-wise monitoring views
- Escalation and incident tracking mechanisms

- Vehicle Load Monitoring Details

8. Reports, MIS & Analytics Module

The bidder shall implement a comprehensive reporting and analytics platform for operational monitoring, governance, and decision-making.

The reporting scope shall include:

- Vehicle movement reports
- Route compliance reports
- RFID/ANPR reports
- CCTV activity logs
- Alert and incident reports
- District-wise performance reports
- Analytical dashboards and KPIs
- Scheduled automated reports
- PDF/Excel export functionality
- Vehicle Load Monitoring reports

Software Components / Modules and Functional Overview

Sl. No.	Software Component / Module	Description
1	Vehicle Registration & GPS Device Onboarding Module	Maintains centralized registration of transport vehicles and GPS devices used for commodity transportation, including vehicle details, transporter details, GPS mapping, and validation controls.
2	Route Master & Route Assignment Module	Defines authorized transportation routes, geo-fence locations, route deviation limits, stoppage rules, and vehicle-route mapping for monitoring route compliance.
3	GPS Live Monitoring & Trip Lifecycle Management Module	Enables real-time GPS-based tracking of vehicles, trip initiation, route monitoring, trip stage tracking, automated alerts, and historical trip replay.
4	RFID Master & Vehicle Tag Management Module	Provides RFID-based vehicle identification and authentication for validating authorized vehicles entering and exiting warehouses.
5	ANPR Camera Integration & Vehicle Detection Module	Integrates ANPR cameras for automatic vehicle number plate recognition, vehicle entry/exit monitoring, and unauthorized vehicle detection.
6	CCTV Surveillance Monitoring Module	Enables centralized live monitoring and playback of CCTV feeds from warehouses to improve operational transparency and security monitoring.
7	Central Command Control Room Monitoring Dashboard	Provides centralized state-level monitoring dashboards for vehicle tracking, warehouse surveillance, alerts, commodity movement, and operational supervision.
8	Reports, MIS & Analytics Module	Generates operational reports, analytical dashboards, compliance reports, reconciliation reports, and data exports for monitoring and decision-making.

The Bidder shall provide:

Network Infrastructure

- Core Switches
- Distribution Switches
- Enterprise Firewalls
- Routers

- Network Management System
- Structured Cabling
- Network Racks
- Patch Panels

Display Infrastructure

- Video Wall
- Video Wall Controller
- Operator Consoles
- Operator Workstations
- Large Format LED Displays

Power Infrastructure

- UPS System
- Power Distribution Units
- Power Cabling

The Bidder shall ensure that the infrastructure is scalable, redundant, secure, and capable of supporting 24×7 operations.

2.3. Development and Deployment of CCC Software Platform

The Bidder shall develop, configure, customize, deploy, and maintain a centralized web-based Command and Control Centre platform.

The platform shall include:

- Unified Monitoring Dashboard.
- GIS-based Monitoring System.
- Video Management Interface.
- GPS Monitoring Module.
- Incident Management System.
- Alert Management System.
- Analytics Engine.
- MIS and Reporting Module.
- API Management Platform.
- User Management System.
- Audit Trail Management.

The application shall support role-based access control and secure authentication.

The Department will deploy AIS 140 GPS/VLTS devices in food grain transportation vehicles and CCTV Surveillance Systems installed at Wholesale Godowns across the State through separate vendor(s). The Bidder shall integrate the existing GPS platform and the CCTV Surveillance Systems with the Command and Control Centre.

2.4. Integration with GPS-Based Vehicle Location Tracking System (VLTS)

The SI shall:

- Integrate GPS data through APIs or other standard interfaces.
- Display live vehicle locations.
- Display approved transportation routes.
- Monitor vehicle movement.
- Generate route deviation alerts.
- Monitor geo-fence violations.
- Monitor vehicle stoppage.
- Maintain trip history.
- Provide historical playback.
- Generate analytical reports.
- Display vehicle health status wherever data is available.
- Support integration with multiple GPS vendors.
- Display Load Bearing Details

The Bidder shall coordinate with the GPS vendor(s) for API integration.

The Bidder shall **not** be responsible for:

- GPS devices.
- SIM connectivity.
- GPS hardware maintenance.
- GPS hardware replacement.
- Vehicle installation.
- Field support.

2.5. Integration with CCTV Surveillance Systems

The Bidder shall integrate the CCTV ecosystem into the centralized Command and Control Centre.

The Bidder shall:

- Integrate live CCTV feeds.
- Display camera feeds on the Video Wall.

- Monitor camera availability.
- Monitor recording availability.
- Provide centralized monitoring.
- Integrate camera events.
- Display camera health.
- Generate camera uptime reports.
- Support multiple CCTV vendors.
- Support ONVIF (Open Network Video Interface Forum) and other standard protocols.

The Bidder shall coordinate with CCTV vendors during implementation.

The SI shall **not** be responsible for:

- Camera supply.
- Camera installation.
- Camera maintenance.
- NVR/DVR maintenance.
- Camera replacement.
- Camera networking.
- Camera recording infrastructure.

2.6. GIS-Based Monitoring

The Bidder shall provide a GIS platform capable of displaying:

- Live vehicle locations.
- Vehicle routes.
- Wholesale Godowns.
- District boundaries.
- Taluk boundaries.
- Incident locations.
- Alert locations.
- Geo-fenced areas.

The GIS shall provide map-based visualization with drill-down capabilities.

2.7. Dashboard and Decision Support System

The Bidder shall develop centralized dashboards for different categories of users.

The dashboard shall include:

- Vehicle Monitoring Dashboard.

- CCTV Monitoring Dashboard.
- State Dashboard.
- District Dashboard.
- Incident Dashboard.
- Alert Dashboard.
- Executive Dashboard.
- SLA Dashboard.
- System Health Dashboard.

The dashboards shall provide real-time data visualization and configurable widgets.

2.8. Analytics and Reporting

The Bidder shall develop analytical tools capable of generating:

- Transportation Analytics.
- Route Analytics.
- Delay Analysis.
- Vehicle Utilization Reports.
- Camera Availability Reports.
- Incident Reports.
- Alert Reports.
- Executive MIS.
- Monthly Performance Reports.
- SLA Compliance Reports.

Reports shall be exportable in PDF, Excel, and CSV formats.

2.9. Cybersecurity

The Bidder shall implement cybersecurity measures, including:

- Role-Based Access Control (RBAC).
- Multi-Factor Authentication (MFA).
- SSL/TLS Encryption.
- Data Encryption.
- Firewall Configuration.
- Antivirus and Endpoint Protection.
- Log Monitoring.
- Vulnerability Assessment and Penetration Testing (VAPT).
- Patch Management.
- Security Audit.

2.10. Operations and Maintenance

The Bidder shall provide comprehensive Operations and Maintenance (O&M) services for all infrastructure, software, and services supplied under this contract for a Contract period of 5 years which includes project period of 3 years and AMC of 2 years.

The Bidder shall provide:

- 24×7 system monitoring.
- Preventive maintenance.
- Corrective maintenance.
- Software upgrades.
- Security patches.
- Database administration.
- Backup management.
- Performance optimization.
- Helpdesk services.
- Resident technical manpower.
- Monthly SLA reporting.

The SI shall ensure uninterrupted operation of the Command and Control Centre.

2.11. Training and Documentation

The Bidder shall provide comprehensive training to departmental officials, administrators, operators, and technical personnel.

The Bidder shall submit:

- System Design Documents.
- Configuration Documents.
- User Manuals.
- Administrator Manuals.
- Standard Operating Procedures (SOPs).
- API Documentation.
- Maintenance Manuals.
- Disaster Recovery Procedures.
- Training Materials.
- As-built Documentation.

Important Responsibility Matrix

Component	Responsibility of SI
Command & Control Centre Infrastructure	✓
Video Wall & Operator Consoles	✓
CCC Software Platform	✓
GPS Platform Integration	✓
GPS Devices & SIMs	✗
CCTV Platform Integration	✓

3. Technical Specifications

1. The detailed technical specifications, minimum functional requirements, performance requirements, and compliance criteria for **Command and Control Centre (CCC)** infrastructure, including hardware, software, networking, audio-visual systems, storage, security appliances, dashboards, analytics platform, video wall solution, workstations, communication systems, and other associated components are provided in **Section VI – Technical Specifications**. The Bidder shall ensure that all proposed components fully comply with the specifications prescribed therein.

2. The Bidder shall furnish complete details of all proposed products and components, including:

- Manufacturer's Name;
- Make, Brand and Model;
- Year of Manufacture;
- Country of Origin;
- Manufacturer's Authorization Form (MAF), wherever applicable;
- Product Brochures, Technical Datasheets and Catalogues;
- Relevant Certifications and Test Reports; and
- Compliance Statement against each technical specification,

In the prescribed format provided in the relevant Annexure of this Tender Document.

3. The Make, Brand, Model, Manufacturer, hardware configuration, software platform, licensing, and technical specifications of all products proposed in the bid shall remain unchanged throughout the implementation period. No substitution or change shall be permitted without the prior written approval of the Department. Such approval, if granted due to product discontinuation or end-of-support by the Original Equipment Manufacturer (OEM), shall be subject to the condition that the replacement product is of the same or higher specifications, fully compatible with the overall Command and Control Centre solution, and shall not result in any additional financial implication to the Department.

4. The Bidder shall ensure that all hardware, software, networking equipment, display systems, security appliances, workstations, operating systems, databases, middleware, analytics platform, dashboard applications, communication equipment, peripherals, accessories, cables, racks, power systems, and all other components proposed under the project strictly conform to the prescribed technical specifications. Supply of equipment or software with lower specifications, incomplete accessories, or non-compliant components shall be treated as a material deviation and shall be liable for rejection.

5. All hardware and software supplied under the project shall be new, genuine, unused, and

of the latest available stable version/model. Refurbished, reconditioned, end-of-life (EOL), or end-of-support (EOS) products shall not be accepted. The Bidder shall ensure that all proposed products remain supported by the respective OEMs throughout the entire contract period which includes three (3) years project period and two (2) years AMC and shall provide all firmware updates, software patches, security updates, version upgrades, bug fixes, and technical support without any additional cost to the Department.

6. All proposed equipment and software shall possess the applicable statutory approvals, quality certifications, and industry-standard certifications or any other certification as required and wherever applicable. Copies of such certifications shall be submitted to the Department as and when called for.

7. The Department reserves the right to inspect, verify, and conduct functional, performance, compatibility, interoperability, security, and user acceptance testing (UAT) of all supplied hardware, software, and integrated systems before commissioning. Any component failing to meet the prescribed specifications or acceptance criteria shall be rejected and shall be replaced by the Bidder at no additional cost to the Department.

8. The Bidder shall ensure that all components of the Command and Control Centre are fully interoperable and capable of seamless integration with the GPS-based Vehicle Location Tracking System (VLTS) and CCTV surveillance system. The Bidder shall be responsible for carrying out all necessary configurations, customizations, and integrations required for achieving seamless interoperability without any additional cost to the Department.

9. The Bidder shall ensure that the proposed solution is scalable and modular to accommodate future expansion in terms of additional users, workstations, dashboards, analytics modules, GPS devices, CCTV cameras, applications, and other infrastructure components without requiring replacement of the core architecture.

10. Any interruption in OEM support, software licensing, maintenance services, availability of spare parts, security updates, software upgrades, or replacement of failed components due to product discontinuation, obsolescence, withdrawal from the market, or end-of-support shall be the sole responsibility of the Bidder. The Bidder shall replace such products with equivalent or superior products meeting the prescribed specifications at no additional cost to the Department. Any service disruption arising from such circumstances shall be treated as a breach of the Service Level Agreement (SLA) and shall attract penalties and other contractual remedies as specified in **Section 11 – Service Level Agreement (SLA) and Penalty Clauses**.

4. Acceptance Testing and Go-Live

Nothing contained in this Clause shall in any manner relieve the Successful Bidder of its

obligations and responsibilities for the successful design, supply, installation, integration, commissioning, operation, maintenance, performance, and overall implementation of the State-Level Command and Control Centre (CCC) in accordance with the provisions of this Tender.

4.1 Inspection, Verification and Acceptance Testing

The Food, Civil Supplies & Consumer Affairs Department reserves the right to inspect, verify, test, and, where necessary, reject any hardware, software, networking equipment, security appliances, video wall components, applications, dashboards, analytics modules, communication equipment, furniture, electrical installations, or any other component supplied under the project before, during, or after installation and commissioning. if found to be:

- inferior in quality;
- not conforming to the prescribed technical specifications;
- defective or damaged;
- incomplete;
- improperly installed; or
- not performing in accordance with the contractual requirements.

Acceptance at any earlier stage shall not preclude the Department from rejecting any component subsequently found to be defective or non-compliant.

4.2 System Acceptance Testing (SAT)

The **System Acceptance Test (SAT)** shall be conducted by the Food, Civil Supplies & Consumer Affairs Department or by any agency, consultant, or Third-Party Agency authorized by the Department.

The Acceptance Test shall include, but shall not be limited to, verification of:

- Compliance with all technical specifications.
- Functional testing of all hardware and software components.
- Performance testing of the complete Command and Control Centre.
- Integration testing with GPS-Based Vehicle Location Tracking System (VLTS), CCTV Surveillance Systems, SMART-PDS applications, APIs, and other identified external systems.
- Dashboard functionality and real-time monitoring capabilities.
- Video Wall functionality and display management.
- User Management, Role-Based Access Control (RBAC), authentication and authorization.

- Database performance and reporting.
- Network performance and redundancy.
- Cybersecurity controls and security configurations.
- Backup and Disaster Recovery functionality.
- Alert generation and notification mechanisms.
- Failover and High Availability mechanisms, wherever applicable.
- System response time, throughput, and scalability.
- Operational readiness of the entire Command and Control Centre.

Any reduction in the prescribed functional requirements, performance standards, integration capabilities, security features, availability requirements, or service levels shall constitute failure of the Acceptance Test.

Any malfunction, hardware failure, software defect, incomplete integration, excessive resource utilization, overheating of equipment, instability, bugs, data inconsistencies, communication failures, dashboard inaccuracies, reporting errors, or failure of any subsystem shall constitute grounds for rejection.

The Bidder shall maintain detailed records, logs, test reports, and evidence demonstrating successful completion of all prescribed tests and shall submit the same to the Department for verification.

4.3 Rectification of Deficiencies

In the event that any hardware, software, network infrastructure, application, dashboard, analytics platform, or integrated subsystem fails to successfully complete the Acceptance Test, the Bidder shall rectify all deficiencies within **Seven (7) calendar days** or such extended period as may be approved by the Department.

Following rectification, the Bidder shall conduct re-testing at its own cost until successful completion of the Acceptance Test.

If the Bidder fails to rectify the deficiencies within the stipulated period, the Department shall have the right to:

- reject the non-compliant equipment or software;
- require replacement of defective components with new components meeting the prescribed specifications at no additional cost;
- impose penalties as specified under the Service Level Agreement (SLA);
- invoke the Performance Security;
- or take any other contractual action deemed appropriate, including termination of the Contract.

4.4 Commissioning and Go-Live

The Command and Control Centre shall be considered successfully commissioned only after:

- Supply, installation, and commissioning of all hardware, software, networking, security, power, audio-visual, and communication infrastructure;
- Successful completion of the System Acceptance Test (SAT);
- Successful integration with GPS-Based Vehicle Location Tracking System (VLTS), CCTV Surveillance Systems supplied by respective vendors, SMART-PDS applications and all other identified third-party systems;
- Successful demonstration of all dashboards, reports, analytics, alert mechanisms, monitoring features, and operational workflows;
- Completion of User Acceptance Testing (UAT);
- Completion of training for Department officials and operational personnel; and
- Formal approval by the Department.

Upon satisfactory completion of the above activities, the Department shall issue the **Go-Live Certificate/Final Acceptance Certificate**, jointly signed by the Authorized Representative of the Department and the Successful Bidder.

The date of issuance of the Go-Live Certificate shall be deemed to be the official **Go-Live Date** of the State-Level Command and Control Centre. The Operation & Maintenance (O&M) period, Service Level Agreement (SLA) obligations, warranty/support services, and all contractual performance obligations shall commence from this date.

5. Implementation Schedule (Timelines)

The Successful Bidder shall complete the implementation of the State-Level Command and Control Centre (CCC) within the timelines specified below. The implementation schedule shall commence from the date of issuance of the **Letter of Intent (LoI)**.

Sl. No.	Activity	Completion Schedule (Weeks)
1	Issue of Letter of Intent (LoI)	T + 0
2	Signing of Contract Agreement and Submission of Performance Bank Guarantee (PBG)	T + 2
3	Submission of Detailed Project Implementation Plan (PIP), System Architecture, Project Schedule and Resource Deployment Plan	T + 3
4	Procurement, Delivery, and Installation of CCC Infrastructure (Networking, Video Wall, Workstations, UPS, Security Appliances, etc.)	T + 5

5	Development/Configuration of Dashboards, Analytics Platform, Monitoring Applications, Reporting Modules, Alert Mechanisms, and Web Applications (where applicable)	T + 7
6	Installation and Configuration of System Software, Databases, Operating Systems, Security Solutions, and Platform Software Integration with GPS-Based Vehicle Location Tracking System (VLTS), CCTV Surveillance Systems supplied by respective vendors, SMART-PDS Applications and other identified third-party systems	T + 9
7	Completion of Infrastructure Testing, Integration Testing, Security Testing, Performance Testing, and System Acceptance Testing (SAT) by the vendor	T + 11
8	Training of Department Officials, System Administrators, CCC Operators, and Submission of Documentation, SOPs, and User Manuals	T + 12
9	User Acceptance Testing (UAT), Rectification of Observations, and Final Acceptance Testing	T + 13
10	Commissioning and Go-Live of the State-Level Command and Control Centre	T + 15
11	Commencement of Operation & Maintenance (O&M) and Service Level Agreement (SLA) Monitoring	T + 15

Implementation Requirements

1. The Successful Bidder shall strictly adhere to the above implementation schedule and obtain the Go-Live/Final Acceptance Certificate within the prescribed timelines.
2. Any delay attributable to the Successful Bidder shall attract penalties as specified under Section 11 – Service Level Agreement (SLA), Penalties & Deductions.
3. The Successful Bidder shall submit weekly progress reports during the implementation phase and immediately notify the Department of any risks that may affect the implementation schedule.
4. Any enhancement, augmentation, addition of new dashboards, analytics modules, integrations, reports, or functional requirements identified by the Department after Go-Live shall be implemented during the Operation & Maintenance (O&M) period in accordance with the Change Management provisions of the Contract.

6. Service Level Agreement (SLA), Penalties & Deductions

The Service Level Agreement (SLA) defines the minimum performance standards, availability requirements, response timelines, incident resolution timelines, and operational responsibilities to be achieved by the Successful Bidder during the implementation, commissioning, operation, and maintenance of the State-Level Command and Control Centre

(CCC).

The Bidder shall ensure continuous and satisfactory performance of all hardware, software, networking infrastructure, video wall systems, dashboards, analytics platform, applications, integrations, cybersecurity components, and support services throughout the Contract Period which includes three (3) years project period and two (2) years AMC.

Failure to meet the prescribed Service Levels shall attract penalties as specified below without prejudice to any other contractual remedies available to the Department.

Penalties

a) Failure of the Successful Bidder to achieve the Service Levels (SLAs), performance standards, availability requirements, implementation milestones, or other contractual obligations specified in this Tender shall constitute a breach of the Contract. A penalty of **0.5% of the Total Contract Value (TCV) per week of delay or non-compliance**, subject to a maximum of **10% of the Total Contract Value**, shall be levied. Upon reaching the maximum penalty limit of **10% of the Total Contract Value**, the Food, Civil Supplies & Consumer Affairs Department reserves the right to terminate the Contract, invoke the Performance Bank Guarantee (PBG), and/or blacklist the Successful Bidder in accordance with the applicable Government rules.

b) If the Successful Bidder abandons the work, fails to complete the implementation, delays the project without valid reasons, or fails to perform the contractual obligations, the Department shall be at liberty to forfeit the Earnest Money Deposit (EMD) and/or invoke the Performance Bank Guarantee (PBG), terminate the Contract, recover any additional costs incurred, withhold pending payments, and initiate blacklisting proceedings. The decision of the Commissioner, Food, Civil Supplies & Consumer Affairs Department shall be final and binding.

c) The Successful Bidder shall maintain complete confidentiality of all Government data and shall not collect, retain, disclose, copy, process, or use any departmental or citizen data except to the extent necessary for execution of the Contract. The Bidder shall comply with the provisions of the **Information Technology Act, 2000**, the **Digital Personal Data Protection Act**, CERT-In guidelines, and all other applicable laws, rules, and Government security policies. Any violation shall be treated as a material breach of the Contract and may result in penalties, termination, forfeiture of the PBG, recovery of damages, and initiation of appropriate legal proceedings.

d) The Successful Bidder shall not assign, transfer, or subcontract the whole or any substantial part of the Contract without the prior written approval of the Commissioner, Food, Civil

Supplies & Consumer Affairs Department. Engagement of OEMs or specialized technology partners disclosed in the Bid and approved by the Department shall not be treated as unauthorized subcontracting. Any unauthorized subcontracting shall constitute a material breach of the Contract.

e) The Successful Bidder shall submit the Performance Bank Guarantee (PBG) within **15 (Fifteen) Working Days** from the date of issue of the Letter of Intent (LoI). Delay shall attract a penalty of **Rs. 5,000 (Rupees Five Thousand only) per day**, subject to a maximum of **Rs. 1,50,000 (Rupees One Lakh Fifty Thousand only)**. Upon reaching the maximum limit, the Department reserves the right to forfeit the EMD, cancel the award, terminate the Contract, and/or blacklist the Successful Bidder.

f) Before imposing any penalty or taking adverse contractual action, the Department shall provide the Successful Bidder a reasonable opportunity to explain the reasons for the default. After considering the explanation, if any, the decision of the Commissioner, Food, Civil Supplies & Consumer Affairs Department shall be final and binding.

Notes

a) The Service Level Requirements (SLRs) and corresponding penalties specified in this Tender are indicative and not exhaustive. The Food, Civil Supplies & Consumer Affairs Department reserves the right to modify, revise, or introduce additional Service Levels during the Contract Period, if required, through a formal written order. SLA compliance shall be assessed on a monthly basis, and applicable penalties shall be recovered from the monthly Operation & Maintenance (O&M) payments.

b) The Successful Bidder shall submit a detailed Root Cause Analysis (RCA) report for every critical incident, major system outage, integration failure, security incident, or service disruption exceeding the prescribed SLA timelines, along with the corrective and preventive actions taken.

c) The Department reserves the right to investigate any recurring failures, prolonged service interruptions, cybersecurity incidents, performance degradation, or non-availability of the Command and Control Centre infrastructure, applications, dashboards, or integrated systems. Based on the findings of such investigation, appropriate contractual action, including levy of penalties, recovery of damages, or termination of the Contract, may be initiated

d) In the event of any malfunction or failure of the Command and Control Centre infrastructure, including networking equipment, video wall, workstations, software applications, dashboards, analytics platform, databases, or integrations, the Successful

Bidder shall restore the affected services within the response and resolution timelines prescribed under the Service Level Agreement (SLA).

e) The Successful Bidder shall provide comprehensive support for all hardware, software, networking equipment, cybersecurity appliances, storage systems, applications, dashboards, integrations, and other infrastructure supplied under the Contract. The cost of repair, replacement, transportation, installation, configuration, testing, commissioning, OEM support, and restoration of services shall be borne entirely by the Successful Bidder during the Contract Period.

f) Failure to restore the affected services within the prescribed SLA timelines shall attract penalties in accordance with the SLA matrix specified in this Tender, without prejudice to any other contractual remedies available to the Department.

g) The response and resolution timelines shall commence from the time the incident is logged through the Department's designated Helpdesk, Service Desk, or any other authorized incident reporting mechanism.

h) No interest shall be payable by the Department on delayed payments.

i) The Successful Bidder shall not levy any late payment charges, finance charges, or interest on invoices submitted under the Contract.

j) The Successful Bidder shall not be entitled to claim any additional payment, reimbursement, or out-of-pocket expenses for carrying out its contractual obligations, including preventive maintenance, corrective maintenance, software updates, security patches, spare parts, technical support, training, documentation, or any other services required for the efficient operation and maintenance of the State-Level Command and Control Centre, unless specifically provided for in the Contract.

6.1 General Penalty Provisions

a. Failure of the Successful Bidder to comply with the Service Levels specified in this Tender shall constitute a breach of contractual obligations.

b. Unless otherwise specified, penalties shall be deducted from the monthly Operation & Maintenance (O&M) / Managed Service payment payable to the Successful Bidder.

c. The cumulative penalty in any Contract Year shall not exceed **10% of the Annual Contract Value (ACV)**. However, repeated violations or chronic non-performance may result in termination of the Contract, forfeiture of the Performance Bank Guarantee (PBG), and

blacklisting of the Bidder.

d. Penalty recovery shall not relieve the Successful Bidder from its responsibility to rectify the deficiency or perform the contractual obligations.

e. Before imposing any penalty, the Department shall issue a notice to the Bidder seeking explanation. The Bidder shall submit its reply within the stipulated time. After considering the explanation, if any, the decision of the Commissioner, Food, Civil Supplies & Consumer Affairs Department shall be final and binding.

6.2 Delay in Implementation

If the Bidder fails to achieve Go-Live within the implementation timeline specified in the Contract for reasons attributable to the Bidder, a penalty equivalent to **0.5% of the Total Contract Value (TCV) per week of delay**, subject to a maximum of **10% of the Total Contract Value**, shall be levied.

If the delay exceeds the maximum permissible period prescribed by the Department, the Department reserves the right to terminate the Contract, forfeit the Performance Bank Guarantee, and blacklist the Bidder.

6.3 Performance Bank Guarantee

The Successful Bidder shall submit the Performance Bank Guarantee within **15 Working Days** from the date of issue of the Letter of Intent (LoI).

Delay shall attract a penalty of **₹5,000 per day**, subject to a maximum of **₹1,50,000**.

Beyond this limit, the Department may cancel the award, forfeit the Earnest Money Deposit (EMD), and blacklist the Bidder.

6.4 Data Privacy and Confidentiality

The Bidder shall maintain complete confidentiality of all Government data and shall not collect, copy, retain, disclose, process, or use any data for purposes other than execution of the Contract.

The Bidder shall comply with the applicable provisions of:

- Information Technology Act, 2000 and amendments;
- Digital Personal Data Protection Act, wherever applicable;
- CERT-In Guidelines;
- Government of Karnataka Information Security Policies; and

- Any other applicable laws and regulations.

Any breach shall be treated as a material breach of Contract and may result in:

- Financial penalties;
- Recovery of damages;
- Termination of Contract;
- Forfeiture of PBG; and
- Initiation of civil and criminal proceedings, wherever applicable.

6.5 Subcontracting

The Successful Bidder shall not assign or subcontract the whole or substantial part of the Contract without prior written approval of the Department.

Specialized OEM support or implementation assistance shall not be construed as subcontracting, provided such arrangements are disclosed and approved by the Department.

Unauthorized subcontracting shall constitute a material breach of Contract.

6.6 Service Level Requirements

Sl. No.	**Service Parameter**	**Service Level**	**Penalty**
1	Overall CCC Availability (excluding approved maintenance)	Minimum **99.5% per month**	0.5% of Monthly O&M Charges for every 1% reduction below SLA, subject to maximum 10% of Monthly O&M Charges
2	Dashboard Availability	99.5%	Same as above
3	Video Wall Availability	99%	0.5% of Monthly O&M Charges for every incident exceeding SLA
4	Network Availability within CCC	99.5%	0.5% of Monthly O&M Charges
5	Integration Services (GPS, CCTV & any other Department Applications as required) Penalty applies only where root cause is confirmed as SI's integration software/API configuration fault.	Continuous	0.5% of Monthly O&M Charges per integration remaining unavailable beyond SLA

6.7 Incident Management SLA

Severity	Description	Response Time	Resolution Time	Penalty
Critical (P1)	Complete outage of CCC, Dashboard, Database, Network, Video Wall, or Integration Services	30 Minutes	4 Hours	₹2,000 per incident for every additional hour
High (P2)	Major functionality affected	1 Hour	8 Hours	₹1,500 per incident per additional hour
Medium (P3)	Partial degradation	2 Hours	24 Hours	₹1,000 per incident per day
Low (P4)	Minor issue / Cosmetic defect	4 Hours	3 Working Days	₹500 per day

6.8 Preventive Maintenance

Preventive maintenance shall be carried out outside business hours after obtaining prior approval from the Department.

Scheduled maintenance shall not exceed **4 hours per month**.

Failure to complete preventive maintenance or unauthorized downtime shall attract a penalty of **Rs. 5,000 per occurrence**.

6.9 Helpdesk Services

The Bidder shall establish and operate a dedicated Helpdesk for logging, tracking, escalation, and closure of incidents.

Minimum service window:

- Monday to Sunday
- 9:00 AM to 7:00 PM

Critical incidents shall be supported **24×7×365**.

Failure to provide Helpdesk services for more than **4 continuous hours** shall attract a penalty of **₹5,000 per occurrence**.

6.10 Resident Technical Support

The Bidder shall deploy the required onsite technical and the other manpower at the Command and Control Centre throughout the Contract Period.

Unauthorized absence of deployed personnel shall attract a penalty of **₹2,000 per resource per day**.

6.11 Software Updates and Security

The Bidder shall ensure timely installation of:

- Security patches;
- Firmware updates;
- Antivirus updates;
- Database updates;
- Operating System patches;
- Application upgrades.

Critical security patches shall be applied within **72 hours** of OEM release unless otherwise approved by the Department.

Failure shall attract a penalty of **₹5,000 per incident**.

6.12 Backup and Disaster Recovery

The Bidder shall ensure successful execution of scheduled backups and periodic Disaster Recovery testing.

Failure of scheduled backup or unsuccessful restoration test shall attract a penalty of **₹5,000 per occurrence**.

6.13 Reporting

The Bidder shall submit Monthly SLA Reports including:

- System Availability
- Incident Summary
- Root Cause Analysis (RCA)
- Preventive Maintenance
- Security Incidents
- Performance Statistics
- Integration Status

- Dashboard Usage Statistics
- Resource Deployment Status

Failure to submit reports within **5 Working Days** after the end of each month shall attract a penalty of **₹2,500 per week**.

6.14 General Conditions

1. The above SLA parameters are indicative and not exhaustive. The Department reserves the right to revise, add, modify, or rationalize SLA parameters during the Contract Period through mutual agreement based on operational requirements.
2. Multiple SLA violations arising from a single incident may attract separate penalties where different service obligations are affected.
3. No interest shall be payable on delayed payments.
4. The Bidder shall not claim any additional charges, travel expenses, logistics costs, consumables, software updates, licenses, replacement costs, or out-of-pocket expenses for fulfilling its contractual obligations.
5. Persistent SLA violations, repeated downtime, failure to maintain minimum service levels, or failure to rectify deficiencies despite repeated notices shall constitute a material breach of Contract and may result in termination of the Contract, forfeiture of the Performance Bank Guarantee, recovery of damages, and blacklisting of the Bidder.

7. Warranty

7.1 Comprehensive Warranty

The Successful Bidder shall provide a comprehensive onsite warranty for all hardware, software, networking equipment, security appliances, video wall components, workstations, UPS systems, racks, audio-visual equipment, peripherals, and all other infrastructure supplied, installed, and commissioned under this Contract.

The warranty shall cover defects arising from faulty design, manufacturing, materials, workmanship, firmware, software, configuration, installation, or integration under normal operating conditions.

All equipment supplied shall be new, genuine, unused, and sourced directly from the respective Original Equipment Manufacturers (OEMs). Refurbished, reconditioned, end-of-life (EOL), or end-of-support (EOS) products shall not be accepted.

7.2 Warranty Period

The comprehensive warranty shall remain valid throughout the entire Contract Period which includes three (3) years project period and two (2) years AMC commencing from the date of issuance of the **Go-Live/Final Acceptance Certificate** by the Department.

During the warranty period, the Successful Bidder shall provide comprehensive onsite maintenance, repair, replacement of defective components, software support, firmware updates, security patches, operating system updates, application upgrades, technical assistance, and OEM support without any additional cost to the Department.

The warranty obligations shall continue until all reported defects are rectified, even if such rectification extends beyond the expiry of the Contract Period.

7.3 Repair and Replacement

During the warranty period, the Successful Bidder shall promptly repair, replace, or restore any defective hardware, software, firmware, licenses, network equipment, storage devices, security appliances, display systems, or any other supplied component that fails to perform in accordance with the Contract.

Replacement components shall:

- be new and unused;
- be of the same or higher specifications;
- be fully compatible with the existing infrastructure;
- carry the remaining warranty period of the original component or the OEM warranty, whichever is longer.

All transportation, logistics, insurance, installation, configuration, testing, and commissioning costs associated with repair or replacement shall be borne entirely by the Successful Bidder.

7.4 Software, Security Updates and OEM Support

The Successful Bidder shall ensure continuous OEM support throughout the Contract Period and shall provide, without additional cost:

- Firmware updates;
- Operating System updates;
- Database updates;
- Application upgrades;
- Security patches;
- Antivirus and malware signature updates;
- Driver updates;
- Bug fixes;

- Performance enhancements;
- Version upgrades supported by the OEM.

The Bidder shall ensure that no software component supplied under the project becomes unsupported during the Contract Period. Where an OEM discontinues support for any product, the Bidder shall replace or upgrade the product with an equivalent or superior supported version without any additional cost to the Department.

7.5 Performance Guarantee

The Successful Bidder warrants that the complete Command and Control Centre solution shall continuously meet the functional requirements, performance parameters, availability levels, security requirements, interoperability requirements, and Service Level Agreements (SLAs) specified in this Tender throughout the Contract Period.

If the prescribed performance standards are not achieved due to reasons attributable to the Successful Bidder, the Bidder shall, at its own cost:

- rectify the deficiencies;
- modify or upgrade the solution;
- replace defective hardware or software;
- optimize system performance; and
- conduct repeat testing,

until the contractual performance requirements are fully achieved.

7.6 Notification of Defects

The Department shall notify the Successful Bidder in writing or through the designated Helpdesk/Ticketing System regarding any defect, malfunction, degradation in performance, software issue, integration failure, or hardware failure observed during the warranty period.

The Successful Bidder shall acknowledge such complaints and resolve them within the timelines specified in the Service Level Agreement (SLA).

7.7 Warranty Obligations

The warranty shall include, but shall not be limited to:

- Preventive Maintenance;
- Corrective Maintenance;
- Unlimited Breakdown Maintenance;
- Supply and replacement of spare parts;

- Software troubleshooting;
- Configuration support;
- Integration support;
- Database support;
- Network support;
- Cybersecurity support;
- Backup and restoration assistance;
- OEM technical support;
- Remote monitoring and diagnostics; and
- Onsite engineering support,

without any additional financial implication to the Department.

7.8 Non-Compliance

Failure of the Successful Bidder to fulfil its warranty obligations, including timely repair, replacement, restoration of services, or maintenance support, shall constitute a breach of Contract and shall attract penalties in accordance with **Section 11 – Service Level Agreement (SLA), Penalties & Deductions**, without prejudice to any other contractual remedies available to the Department, including forfeiture of the Performance Bank Guarantee, recovery of damages, or termination of the Contract.

8. Repair, Replacement and Maintenance of Defective Equipment

8.1 Repair and Replacement Obligations

Upon receipt of a complaint or incident notification from the Department through the designated Helpdesk or any other authorized communication channel, the Successful Bidder shall acknowledge the complaint and undertake necessary corrective action in accordance with the Service Level Agreement (SLA).

The Successful Bidder shall repair, restore, or replace any defective hardware, software, networking equipment, security appliances, video wall components, workstations, power systems, communication equipment, or any other component supplied under the Contract at no additional cost to the Department.

Where repair is not feasible within the prescribed SLA timelines, the Successful Bidder shall replace the defective component with a new component of equivalent or higher specifications.

8.2 Replacement of Defective Components

All defective hardware or equipment replaced under the Contract shall become the property

of the Successful Bidder. The Successful Bidder shall remove and dispose of such defective components in accordance with applicable environmental regulations and OEM guidelines. The Department shall have no liability whatsoever in respect of the replaced components after their removal.

8.3 Comprehensive Maintenance Support

The Successful Bidder shall provide comprehensive onsite maintenance support for the entire Contract Period which includes three (3) years project period and two (2) years AMC commencing from the date of issuance of the Go-Live/Final Acceptance Certificate.

The maintenance services shall include, but not be limited to:

- Corrective Maintenance;
- Preventive Maintenance;
- Emergency Maintenance;
- Hardware repair and replacement;
- Software troubleshooting;
- Firmware upgrades;
- Operating System updates;
- Security patches;
- Database maintenance;
- Dashboard maintenance;
- Analytics platform maintenance;
- Network management;
- Storage management;
- Cybersecurity support;
- Integration support;
- Backup and restoration services; and
- Performance optimization.

8.4 OEM Support and Availability of Spares

The Successful Bidder shall ensure continuous OEM support throughout the Contract Period.

The Bidder shall ensure availability of adequate spare parts, replacement units, software support, firmware updates, licenses, and technical assistance necessary for uninterrupted operation of the Command and Control Centre.

The Bidder shall remain solely responsible for maintaining OEM support and shall not cite non-availability of spares, discontinued products, or OEM-related issues as grounds for non-performance.

8.5 End-of-Life (EOL) and End-of-Support (EOS) Products

The Successful Bidder shall not supply, install, or commission any hardware or software that has reached or is scheduled to reach End-of-Life (EOL) or End-of-Support (EOS) during the Contract Period.

If any supplied product is declared EOL or EOS by the OEM during the Contract Period, the Successful Bidder shall replace or upgrade such product with an equivalent or superior supported product, fully compatible with the existing infrastructure, without any additional cost to the Department.

8.6 Maintenance Services

8.6.1 Service Support

The Successful Bidder shall establish a dedicated Helpdesk and provide the contact details of the Project Manager, Resident Engineers, Escalation Matrix, Service Desk, OEM Support Contacts, and other key personnel responsible for maintenance and support services.

8.6.2 Preventive Maintenance

The Successful Bidder shall carry out periodic preventive maintenance of all hardware, software, networking, power systems, storage, security appliances, and other infrastructure components at intervals recommended by the OEM or as directed by the Department.

Preventive maintenance shall be scheduled in consultation with the Department and shall not adversely affect normal operations of the Command and Control Centre.

8.6.3 Response and Resolution Time

The Successful Bidder shall comply with the response and resolution timelines specified under **Section 11 – Service Level Agreement (SLA), Penalties & Deductions**.

For all critical incidents affecting the functioning of the Command and Control Centre, the Bidder shall ensure immediate response and restoration of services within the prescribed SLA timelines.

8.6.4 Resident Technical Support

The Successful Bidder shall deploy qualified onsite technical personnel at the Command and Control Centre during business hours and provide remote and onsite support as required for ensuring uninterrupted operations throughout the Contract Period.

8.6.5 Continuity of Services

The Successful Bidder shall ensure uninterrupted maintenance services throughout the Contract Period. Expiry of OEM warranty, software subscriptions, licenses, or support contracts shall not affect the Bidder's obligations under this Contract.

8.6.6 Department's Rights

The Department reserves the right to review the performance of maintenance services periodically.

Failure to maintain the prescribed Service Levels, repeated equipment failures, non-availability of technical resources, or persistent SLA violations may result in penalties, invocation of the Performance Bank Guarantee, or termination of the Contract in accordance with the provisions of the Tender.

8.7 Incidental Services

The Successful Bidder shall provide, as part of the Contract Price and without any additional cost to the Department, all incidental services necessary for successful implementation, operation, and maintenance of the State-Level Command and Control Centre, including but not limited to:

i. Design, supply, transportation, installation, configuration, integration, testing, commissioning, operation, and maintenance of all Command and Control Centre infrastructure, including networking equipment, cybersecurity appliances, video wall systems, workstations, UPS, racks, display systems, communication equipment, furniture, and all associated hardware and software.

ii. Development, customization, deployment, configuration, integration, testing, and maintenance of dashboards, analytics platform, monitoring applications, reporting systems, alert mechanisms, and all associated software components.

iii. Integration of the Command and Control Centre with GPS-Based Vehicle Location Tracking System (VLTS), CCTV Surveillance Systems supplied by respective vendors, SMART-PDS applications, APIs, and other identified external systems.

iv. Comprehensive Operation & Maintenance (O&M), preventive maintenance, corrective maintenance, software support, security updates, firmware upgrades, performance optimization, database administration, backup management, disaster recovery support, and resident technical support throughout the Contract Period.

v. Supply and replacement of defective hardware, software, licenses, spare parts, peripherals, consumables (where applicable), and accessories necessary for maintaining uninterrupted services during the Contract Period.

vi. Preparation and submission of technical documentation, standard operating procedures (SOPs), system manuals, configuration documents, asset registers, warranty records, training materials, and any other documentation required by the Department.

vii. Conduct of user training, administrator training, knowledge transfer sessions, and handholding support for the Department's personnel.

viii. Any other incidental works or services required for the successful implementation, operation, maintenance, performance, security, and sustainability of the State-Level Command and Control Centre in accordance with the provisions of this Tender Document.

9. TERMS & CONDITIONS

9.1 Contract Agreement

This Tender Document, including all Corrigenda, Clarifications, Addenda, Bid submitted by the Successful Bidder, Letter of Intent (LoI), Letter of Award (LoA), Contract Agreement, Service Level Agreement (SLA), Technical Specifications, Scope of Work, and all subsequent written communications issued by the Food, Civil Supplies & Consumer Affairs Department shall collectively constitute the Contract Agreement between the Department and the Successful Bidder.

9.2 Contract Period

i. The Contract shall remain valid for a period of **three (3) years and two (2) years AMC** from the date of issuance of the **Go-Live/Final Acceptance Certificate**, which shall include Operation & Maintenance (O&M) services.

ii. The Contract shall automatically expire upon completion of the Contract Period unless extended by the Department through mutual agreement on such terms and conditions as may be decided.

iii. The Department may, based on satisfactory performance, operational requirements, and mutual agreement, extend the Contract for an additional period on the same terms and conditions or with such modifications as may be mutually agreed upon.

iv. During any extended Contract Period, the Successful Bidder shall continue to provide comprehensive Operation & Maintenance services, OEM support, software updates, security patches, technical support, and all other contractual obligations without interruption.

v. In the event of extension of the Contract, the Successful Bidder shall extend the validity of the Performance Bank Guarantee (PBG) for the extended Contract Period plus an additional six (6) months.

9.3 Right to Terminate

The Department reserves the right to terminate the Contract by giving **one (1) month's prior written notice** to the Successful Bidder in accordance with the provisions of this Tender.

9.4 Assignment and Subcontracting

The Successful Bidder shall not assign, transfer, sublet, subcontract, or otherwise dispose of the whole or any substantial part of the Contract without the prior written approval of the Department.

However, OEM support arrangements, specialized implementation assistance, cloud service providers (where permitted), or specialized technology partners specifically disclosed in the Bid and approved by the Department shall not be treated as unauthorized subcontracting.

The Successful Bidder shall remain solely responsible for the performance of all contractual obligations irrespective of any approved subcontracting arrangement.

9.5 Insurance

i. The Successful Bidder shall obtain and maintain adequate insurance coverage for its personnel, during the execution of the Contract.

ii. All hardware and equipment supplied under the Contract shall remain adequately insured against loss, theft, damage, transit risks, installation risks, and accidental damage until successful commissioning and acceptance by the Department.

iii. The Bidder shall furnish documentary evidence of such insurance whenever required by the Department.

9.6 Audit and Inspection

The Successful Bidder shall provide unrestricted access to all records, reports, logs, system configurations, audit trails, source documentation (where applicable), licenses, inventory records, and any other information required by the Department or its authorized representatives, Government Auditors, CAG, Internal Audit, Third-Party Auditors, CERT-In, or any statutory authority for audit, inspection, security assessment, or compliance verification.

9.7 Suspension and Termination

The Department reserves the right to suspend or terminate the Contract under any of the following circumstances:

i. Failure of the Successful Bidder to complete implementation or achieve Go-Live within the

prescribed timelines without valid justification.

ii. Persistent failure to meet the Service Level Agreements (SLAs).

iii. Material breach of any provision of the Contract.

iv. Failure to rectify contractual deficiencies within thirty (30) days after receipt of notice.

v. Supply of counterfeit, pirated, unauthorized, or unlicensed hardware or software.

vi. Submission of false information, suppression of material facts, fraudulent practices, corruption, or misrepresentation during bidding or execution of the Contract.

vii. Blacklisting or debarment of the Bidder or any of its proposed OEMs by any Central Government, State Government, PSU, or statutory authority during the Contract Period.

viii. Insolvency, bankruptcy, liquidation, or winding-up proceedings against the Successful Bidder.

ix. Change in ownership or control of the Successful Bidder that materially affects execution of the Contract.

x. Unauthorized subcontracting or assignment of contractual obligations.

xi. Serious cybersecurity incidents, data breaches, or compromise of Government systems attributable to negligence of the Successful Bidder.

xii. Any act prejudicial to Government interests or national security.

Upon termination, the Department may:

- Invoke the Performance Bank Guarantee.
- Recover additional costs incurred.
- Engage another agency at the risk and cost of the Successful Bidder.
- Recover damages.
- Blacklist the Bidder wherever applicable.

Before termination, reasonable opportunity shall be provided to the Successful Bidder to present its explanation except in cases involving fraud, corruption, national security, or serious data breaches where immediate action becomes necessary.

9.8 Completeness of Contract

The Contract shall be deemed incomplete if any component of the Command and Control

Centre solution, including but not limited to:

- Hardware;
- Software;
- Dashboards;
- Analytics Platform;
- Video Wall;
- Networking Infrastructure;
- Security Appliances;
- Integration Services;
- Documentation;
- Training;
- Knowledge Transfer;
- Operation & Maintenance Services; or
- Any other deliverable specified under the Contract,

is not supplied, installed, integrated, configured, commissioned, tested, documented, accepted, or made operational in accordance with the Contract.

Final Acceptance shall be accorded only after successful completion of System Acceptance Testing (SAT), User Acceptance Testing (UAT), Go-Live, submission of all deliverables, and issuance of the Go-Live/Final Acceptance Certificate by the Department.

9.9 Publicity

The Successful Bidder shall not issue any press release, advertisement, publication, presentation, publicity material, case study, marketing document, or public announcement referring to this Project or using the name, logo, emblem, or identity of the Food, Civil Supplies & Consumer Affairs Department or Government of Karnataka without obtaining prior written approval from the Department.

9.10 Ownership and Intellectual Property Rights (IPR)

i. All reports, dashboards, customized software, source configurations (where ownership is transferred), documentation, system designs, training materials, databases, analytical models, workflows, Standard Operating Procedures (SOPs), manuals, and all other deliverables developed specifically under this Contract shall become the exclusive property of the Food, Civil Supplies & Consumer Affairs Department upon acceptance.

ii. All operational data, processed data, analytical outputs, reports, logs, CCTV metadata, GPS tracking data, alerts, dashboards, databases, and information generated through the Command and Control Centre shall remain the exclusive property of the Department.

iii. Intellectual Property Rights relating to proprietary commercial software, OEM products, operating systems, databases, middleware, firmware, and licensed third-party products shall continue to remain with their respective owners. The Department shall receive perpetual or subscription-based usage rights as specified in the Contract.

iv. The Successful Bidder shall ensure that no third-party intellectual property rights are infringed while executing the Contract and shall fully indemnify the Department against any claims arising from infringement of patents, copyrights, trademarks, trade secrets, or other intellectual property rights.

v. The Successful Bidder shall not reuse, disclose, copy, distribute, commercialize, or transfer any Government data, customized software, reports, or deliverables developed under this Contract without the prior written approval of the Department.

10. Exit Management

This Section sets out the obligations of the Successful Bidder and the Department upon expiry, termination, or completion of the Contract to ensure an orderly, secure, and uninterrupted transition of the State-Level Command and Control Centre (CCC) and its associated services.

The Exit Management provisions shall apply upon expiry or termination of the Contract for any reason, including expiry of the Contract Period, termination due to default, mutual termination, or termination in public interest.

The objective of Exit Management is to ensure continuity of services and seamless transfer of all assets, systems, documentation, configurations, data, licenses (where transferable), operational knowledge, and support to the Department or its nominated agency without disruption to the functioning of the Command and Control Centre.

10.1 Exit Management Purpose

The Department may terminate the Contract by giving **one (1) month's written notice** in accordance with the provisions of this Tender.

Upon receipt of the notice of termination or expiry of the Contract, the Successful Bidder shall:

i. Continue to operate and maintain the Command and Control Centre during the Exit Management Period.

ii. Continue providing all services until completion of the transition process.

iii. Cooperate fully with the Department and any agency nominated by the Department for smooth transition.

iv. Protect all Government assets, data, applications, databases, dashboards, reports, configurations, and infrastructure during the transition.

v. Complete all pending contractual obligations unless specifically exempted by the Department.

Before termination on account of non-performance, the Successful Bidder shall be provided a reasonable opportunity to explain its position. The decision of the Commissioner, Food, Civil Supplies & Consumer Affairs Department shall be final and binding.

10.2 Cooperation and Knowledge Transfer

During the Exit Management Period, the Successful Bidder shall provide complete cooperation and technical assistance to the Department or its nominated agency, including:

- Architecture documentation;
- System configurations;
- Network topology;
- Security configurations;
- Dashboard configurations;
- Analytics configurations;
- Integration configurations;
- Source configurations (where applicable);
- Database schemas;
- User manuals;
- Standard Operating Procedures (SOPs);
- Asset Register;
- Administrative credentials (where ownership vests with the Department);
- Backup and Recovery procedures;
- Monitoring procedures;
- Preventive maintenance schedules;
- Operational manuals; and
- All information reasonably required for continued operation of the Command and Control Centre.

10.3 Data, Documentation, Confidentiality and Security

The Successful Bidder shall, before completion of the Exit Management Period:

i. Hand over all project documentation, manuals, reports, designs, inventory records, licenses (where transferable), configurations, SOPs, training materials, audit reports, maintenance records, and operational documents.

ii. Transfer all operational data, historical data, dashboards, reports, logs, alerts, CCTV metadata, GPS tracking data, analytics outputs, databases, and other Government data in a mutually agreed open and usable format.

iii. Ensure that no Government data is retained, copied, disclosed, or transferred to any third party after completion of the Contract.

iv. Submit a certificate confirming deletion of all Government data retained on the Bidder's infrastructure, except where retention is required by law.

v. Continue to maintain confidentiality of Government information even after expiry or termination of the Contract.

10.4 Supplier Obligations

The Successful Bidder shall:

- Continue providing uninterrupted services during the Exit Management Period.
- Cooperate with Department officials and the successor agency.
- Ensure availability of qualified technical personnel.
- Protect Government assets throughout the transition.
- Comply with all applicable cybersecurity requirements.
- Maintain confidentiality of all Government information.
- Bear responsibility for its personnel and subcontractors during the Exit Management Period.

10.5 Personnel Information

Upon request, the Successful Bidder shall provide details of all personnel deployed under the project, including:

- Name;
- Designation;
- Role;
- Responsibilities;
- Contact Details; and
- Knowledge Areas.

The Department may require participation of such personnel during knowledge transfer and transition activities.

10.6 Access to Information

During the Exit Management Period, the Successful Bidder shall provide unrestricted access to:

- Hardware inventory;
- Software inventory;
- Licenses;
- Security appliance configurations;
- Integration interfaces;
- API documentation;
- Source configurations (where applicable);
- Asset Registers;
- Warranty records;
- AMC/OEM Support Details;
- Maintenance Records; and
- Any other information reasonably required by the Department.

10.7 Access to Project Infrastructure

The Successful Bidder shall provide reasonable access to the Command and Control Centre infrastructure, equipment, networking equipment, software platforms, video wall systems, monitoring applications, dashboards, documentation, and all associated project assets for verification, inventory, audit, transition, and handover purposes.

10.8 General Exit Obligations

The Successful Bidder shall:

i. Commit adequate technical resources throughout the Exit Management Period.

ii. Ensure uninterrupted operation of the Command and Control Centre.

iii. Provide onsite and remote support as required.

iv. Assist the Department or successor agency in assuming operational control.

v. Ensure that no services are discontinued until formally relieved by the Department.

10.9 Exit Management Plan

Within **90 days** of signing the Contract Agreement, the Successful Bidder shall submit a detailed Exit Management Plan for approval by the Department.

The Exit Management Plan shall include:

1. Transition strategy and methodology.
2. Asset handover procedures.
3. Data migration and transfer methodology.
4. Knowledge transfer plan.
5. Documentation handover schedule.
6. Application and dashboard handover procedures.
7. User account and administrative credential transfer.
8. OEM support transition.
9. Training and handholding plan.
10. Risk mitigation plan during transition.
11. Communication plan with stakeholders.
12. Project closure activities.
13. Timeline for transition.
14. Roles and responsibilities of all stakeholders.

The Exit Management Plan shall be reviewed annually and updated whenever required.

10.10 Exit Support Period

Upon expiry or termination of the Contract, the Successful Bidder shall provide comprehensive Exit Support and handholding assistance for a minimum period of **three (3) months**, or such extended period as directed by the Department.

The Exit Support shall include:

- Technical assistance;
- Operational support;
- Knowledge transfer;
- User support;
- Configuration support;
- Database support;
- Dashboard support;
- Integration support;
- Issue resolution; and
- Assistance to the Department or the newly appointed agency for seamless takeover of the Command and Control Centre.

10.11 Ownership of Assets and Deliverables

Upon Successful completion of the contract period, the complete source code of the customized application along with all project deliverables, documentation, and all hardware deployed in the command control room, shall be handed over to the department. The department shall there by acquire perpetual rights to use maintain and enhance the system without any recurring license fees. However, the intellectual property rights pertaining to the underlying software framework, reusable component, libraries and utilities shall continue to remain with the successful bidder.

11. Payment (GCC Clause 11)

11.1 Payment Schedule

Payments shall be made by the **Food, Civil Supplies & Consumer Affairs Department, Government of Karnataka** to the Successful Bidder based on the successful completion of the implementation milestones and Operation & Maintenance (O&M) services, as detailed below:

Sl. No.	Payment Milestone	Payment (%)	Supporting Documents
	Capital Expenditure		
1	Successful Supply, Installation, Configuration, Integration, Testing, Commissioning, Completion of System Acceptance Test (SAT), User Acceptance Test (UAT), and After Successful Go-Live of the State-Level Command and Control Centre	100% of the Capital Expenditure and 60% of OPEX	(i) Original Invoice with applicable statutory documents; (ii) Delivery, Installation & Commissioning Certificate; (iii) System Acceptance Test (SAT) Report; (iv) User Acceptance Test (UAT) Certificate; (v) Go-Live/Final Acceptance Certificate issued by the Department.
	Operational Expenditure		
2	On Completion of 1st Year from the date of Go-Live	**10% of the OPEX Cost**	Payable against successful completion of the period of 1st year from the date of Go-Live Payable against submission of: (i) Original Invoice; (ii) Monthly SLA Compliance Report; (iii) Preventive Maintenance Report; (iv) Incident

			Resolution Report; (v) Certification by the Department that O&M services have been satisfactorily rendered during the billing period. Applicable SLA penalties, if any, shall be deducted from the payment due.
3	On Completion of 2nd Year from the date of Go-Live	**10%** of the OPEX Cost	Payable against successful completion of the period of 2nd year from the date of Go-Live Payable against submission of: (i) Original Invoice; (ii) Monthly SLA Compliance Report; (iii) Preventive Maintenance Report; (iv) Incident Resolution Report; (v) Certification by the Department that O&M services have been satisfactorily rendered during the billing period. Applicable SLA penalties, if any, shall be deducted from the payment due.
4	On Completion of 3rd Year from the date of Go-Live	**20%** of the OPEX Cost	Payable against successful completion of the period of 3rd year from the date of Go-Live Payable against submission of: (i) Original Invoice; (ii) Monthly SLA Compliance Report; (iii) Preventive Maintenance Report; (iv) Incident Resolution Report; (v) Certification by the Department that O&M services have been satisfactorily rendered during the billing period. Applicable SLA penalties, if any, shall be deducted from the payment due.

The Payment shall be released in the proportions specified in the payment schedule as mentioned in the above table, subject to satisfactory performance, achievement of Service Level Agreements (SLAs), Uptime requirements, Compliance with contractual obligations, Certification by the Department.

11.2 Payment Terms

i. All payments shall be made by the Food, Civil Supplies & Consumer Affairs Department in **Indian Rupees (INR)**.

ii. Payments shall be released within **sixty (60) days** from the date of receipt of complete and correct invoices along with all supporting documents, subject to satisfactory certification by the Department.

iii. Any deductions towards statutory taxes, penalties, liquidated damages, or recoveries under the Contract shall be made at the time of payment.

iv. Release of payment shall not relieve the Successful Bidder of any contractual obligations, including warranty, Operation & Maintenance (O&M), or Service Level Agreement (SLA) commitments.

11.3 Payment During Contract Extension

In the event the Contract is extended beyond the initial Contract Period, payments for the extended period shall be made on the same rates, terms, and conditions, or on such revised terms as may be mutually agreed between the Department and the Successful Bidder through a formal amendment to the Contract.

11.4 Conditions for Payment

i. Payments shall be subject to successful completion of the respective milestones and certification by the Department.

ii. In the event of non-achievement of Service Levels (SLAs), delays attributable to the Successful Bidder, or non-compliance with the Contract, the Department shall be entitled to withhold payments or recover applicable penalties in accordance with **Section 11 – Service Level Agreement (SLA), Penalties & Deductions**.

iii. The Department shall have the right to withhold any payment that is disputed or unsupported by the required documentation until the issue is satisfactorily resolved.

iv. No advance payment shall be made unless specifically provided for in the Contract or approved by the Government.

11.5 Mode of Payment

i. The bills in Duplicate shall be raised in favor of Commissioner Food Civil Supplies and Consumer Affairs Department, Bengaluru along with all necessary statutory supporting documents as may be required during processing of payments.

ii. The GST shall be paid on actual prevailing rate as on the date of raising of invoice, as per the GST, Act.

iii. The TDS shall be deducted as per the prevailing rates of Income Tax/GST Act.

iv. All invoices shall enclose SLA adherence reports and any other reports sought by Food, Civil Supplies & Consumer Affairs Department.

v. Costs for security audit and all required certifications will be borne by successful bidder

vi. All statutory deductions shall be made before making payments.

vii. Payments due in each financial year shall be released only after verification and certification of the services rendered during the respective period and after adjustment of any applicable penalties or recoveries under the contract.

12. Settlement of Disputes (Clause 22)

The dispute settlement mechanism to be applied pursuant to GCC Clause 22.1 shall be as follows:

1. Department and the successful bidders shall make every effort to resolve amicably by direct informal negotiation, any disagreement or dispute, arising between them under or in connection with the contract.
2. If any dispute of any kind whatsoever arises between the Parties in connection with or arising out of the contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity or termination, the parties shall seek to resolve any such dispute or difference by mutual consultation.
3. If the parties fail to resolve any such dispute or difference by mutual consultation within 45 days, then the dispute would be resolved by the Additional Chief Secretary / Principal Secretary, Food, Civil Supplies and Consumer affairs department. The decision of the Additional Chief Secretary / Principal Secretary, Food, Civil Supplies and Consumer affairs department shall be final and binding on all the parties
4. All legal claims shall be at Authority's Jurisdiction, in Bengaluru, Karnataka only

13. Notices (GCC Clause 26)

For the purpose of all notices, the following shall be the address of the Purchaser and Supplier.

Purchaser: **OFFICE OF THE COMMISSIONER**
FOOD, CIVIL SUPPLIES &CONSUMER AFFAIRS DEPARTMENT
NO.8, CUNNINGHAM ROAD, BANGALORE-560052

Supplier: (To be filled in at the time of Contract signature)

.....
.....
.....
.....

14. Performance Security

a. Within fifteen (15) days of receipt of the Notification of Award, the Successful Bidder shall furnish Performance Security to the Authority for an amount of five percent (5%) of the Contract Value, valid up to two (2) months after the date of completion of performance obligations including warranty, extended warranty and support obligations including maintenance period.

b. In the event of any correction of defects or replacement of defective material during the warranty period, the warranty for the corrected/replaced material shall be as per the standards of the company and the Performance Guarantee for proportionate value shall be extended sixty (60) days over and above the warranty.

c. If the Successful Bidder is Startup shall furnish Performance Security to the Authority for an amount of three percent (3%) of the Contract Value, valid up to two (2) months after the date of completion of performance obligations including warranty, extended warranty and support obligations including maintenance period.

   In the event of any correction of defects or replacement of defective material during the warranty period, the warranty for the corrected/replaced material shall be as per the standards of the company and the Performance Guarantee for proportionate value shall be extended sixty (60) days over and above the warranty

d. The proceeds of the performance security shall be payable to the Authority as compensation for any loss resulting from the Successful Bidders failure to complete its obligations under the Contract.

e. The Performance Security shall be denominated in Indian Rupees.

f. The Performance Security will be discharged by the Authority and returned to the Successful Bidder after sixty (60) days following the date of completion of the Successful Bidders performance obligations, including any warranty, extended warranty and Support obligations, under the Contract as stated in clause of SCC.

g. In the event of any amendment to the Contract, the Successful Bidder shall, within 15 (fifteen) days of receipt of such amendment, furnish the amended Performance Security, rendering the same valid for the duration of the Contract as amended for

six (60) days after the completion of performance obligations including warranty obligations.

15. Annual Maintenance Contract (AMC) / Post-Contract Maintenance

i. Upon expiry of the initial Contract Period which is for three (3) years, the Department may, at its sole discretion and subject to satisfactory performance of the Successful Bidder, extend the Operation & Maintenance (O&M) services through an Annual Maintenance Contract (AMC) for initial period of 2 years on such terms and conditions as may be mutually agreed between the Department and the Successful Bidder **OR** the Department may initiate a fresh tender for AMC in which case the existing successful Bidder shall be granted the First Right of Refusal. Ultimately the decision of the Department in this regard would be final.

ii. Followed by an AMC period of two (2) years, the Department may, at its sole discretion and subject to the satisfactory performance of the Successful Bidder, extend the Operation & Maintenance (O&M) services for an additional period of one (1) year, on such terms and conditions as may be mutually agreed upon between the Department and the Successful Bidder.

iii. The bidder is required to quote Annual Maintenance Charges (AMC) separately in the prescribed Annexure.

iv. During the AMC period, the Successful Bidder shall continue to provide comprehensive maintenance and support services for the entire State-Level Command and Control Centre (CCC), including but not limited to:

- Networking Equipment;
- Video Wall and Display Systems;
- Workstations and Peripherals;
- UPS and Power Infrastructure;
- Dashboard and Analytics Platform;
- Monitoring Applications;
- Integration Services with GPS-Based Vehicle Location Tracking System (VLTS), CCTV Surveillance Systems, SMART-PDS Applications, and other integrated systems;
- Software Updates, Security Patches, Firmware Upgrades, Bug Fixes, and Performance Optimization;
- Preventive and Corrective Maintenance;
- Helpdesk Support;

- Resident Technical Support (if required); and
- Replacement of defective hardware components, wherever applicable.

v. The Successful Bidder shall ensure continued OEM support, software licensing support, availability of spare parts, firmware updates, security updates, and technical assistance throughout the contract and AMC period.

vi. The Service Levels (SLAs), response time, resolution time, uptime requirements, penalties, reporting obligations, and performance standards applicable during the original Contract Period shall continue to remain applicable during the AMC period unless otherwise modified by mutual agreement.

vii. The AMC charges shall be as mutually agreed based on the Capex & Opex Components. The decision of the Department of Food, Civil Supplies & Consumer Affairs in this regard will be final.

viii. The Department shall have the right to renew or discontinue the AMC at the end of each AMC term based on the performance of the Successful Bidder and operational requirements.

ix. The Successful Bidder shall continue to maintain confidentiality, cybersecurity compliance, data protection obligations, and all other contractual responsibilities during the AMC period in accordance with the provisions of this Tender.

SECTION V: SCHEDULE OF REQUIREMENTS

1. Requirements for the Project

The Food, Civil Supplies and Consumer Affairs Department, Government of Karnataka, proposes to Establish of State-Level Command and Control Centre by integrating GPS-Based Vehicle Location Tracking System (VLTS) devices installed for Whole sale & Retail food grain transportation vehicles across the state and CCTV Surveillance Systems installed at Wholesale Godowns across the State to reduce pilferage, diversion risks and operational discrepancies through technology enabled monitoring and automated validations.

The proposed State-Level Command and Control Centre will be set up at the Office of the Commissioner, Food, Civil Supplies and Consumer Affairs Department, Bengaluru, Karnataka and will be hosted on Karnataka State Data Centre (KSDC) infrastructure.

Executive Summary

The Command and Control Centre shall provide the following capabilities:

- Centralized real-time monitoring of GPS-enabled food grain transportation vehicles across Karnataka from central warehouses to state warehouses and further to fair price shops (FPS).
- Live monitoring and recording of CCTV feeds from Wholesale Godowns across Karnataka.
- Unified dashboard for operational monitoring and incident management.
- GIS-based visualization of vehicle locations and transportation routes through RFID and ANPR based vehicle identification and validation mechanism.
- Intelligent alerts and notifications for predefined operational events and exceptions.
- Video analytics and surveillance management.
- Historical playback, reporting, MIS generation, reporting tools and audit trail management.
- Role-based access control with comprehensive security mechanisms.
- High availability, scalability, redundancy, and disaster recovery capabilities.
- Integration with existing and future departmental applications and digital platforms through standard APIs.
- To monitor route compliance, unauthorized stoppages, delays, suspicious movement patterns and operational deviations in real time.
- Load Bearing Monitoring Mechanism of individual Trucks

SECTION VI – TECHNICAL SPECIFICATIONS

1. Command and Control Centre Technical Specifications:

A. Centralized CCTV Monitoring Control Room Infrastructure Components

Sl. No	Component	Recommended Specification	Quantity	Purpose / Usage
1	65-inch 4K Smart TVs	65 Inch 4K TV	4 Nos	Used for live display of camera feeds
2	Monitoring Workstation	Intel i5 13th GEN/ 16 GB RAM / 512 GB SSD	1 No	Main system that receives and processes all camera feeds
3	GPU (Graphics Card)	NVIDIA RTX 3050 8GB	1 No	Smooth handling of multiple live video streams across 4 TVs
4	Surveillance Storage (Optional)	4 TB Surveillance HDD	1 No	Local recording and playback storage
5	HDMI Extenders / Cables	4 Display Support	1 Set	Connects workstation to TVs
6	Network Switch	24-Port Gigabit Switch	1 No	Handles internal network connectivity
7	Enterprise Router / Firewall	TP-Link / Grandstream Enterprise Router	1 No	Secure internet and remote warehouse connectivity
8	Internet Connection	200–500 Mbps Broadband / Lease Line	1 Connection	Receives camera streams from all warehouses
9	TV Wall Mounts	Heavy Duty Mounts	4 Nos	TV mounting setup
10	Keyboard & Mouse	Wireless Combo	1 Set	Operator control
11	Audio Alert Speaker	Basic Alert Speaker	1 No	Alert notifications for offline cameras/events
12	Installation & Cabling	Electrical & Networking	Lump Sum	Setup and integration work

How Does It Work?

B. Control Room Resource Infrastructure & Operational Accessories

Sl. No	Component	Recommended Specification	Quantity	Purpose / Usage
1	Desktop Systems for Operators	Intel i5 13th GEN/ 16 GB RAM / 512 GB SSD	3 Nos	Used by monitoring operators for GPS Monitoring, reporting, and operational activities
2	Laptop for Supervisor / Admin	Intel i5 13th GEN / 16 GB RAM / 512 GB SSD	1 No	Used for supervisory monitoring, reporting, remote access, and presentations
3	LED Monitor for Desktop Systems	24-inch Full HD Monitor	3 Nos	Operator display screens for daily monitoring activities
4	Network Laser Printer	Network Laser Printer	1 No	Used for report printing and administrative documentation
5	Multi-Function Printer (Printer + Scanner + Copier)	Multifunction Device	1 No	Used for scanning, copying, document digitization, and printing
6	Control Room CCTV Camera Setup	4 MP IP CCTV Cameras with NVR	4 Cameras + NVR	Internal monitoring and security of control room premises
7	CCTV Monitoring Display	1 No	24-inch LED Monitor	Viewing control room camera feeds
8	UPS Power Backup for Operator Systems	6 KVA Online UPS with suitable battery backup	1 Nos	Backup power for desktops, networking devices, and printers
9	Operator Headsets / Communication Devices	USB/Wireless Headsets	4 Nos	Internal communication and alert handling
10	Landline Desk Telephone	Standard Analog Desk Telephone with Speaker Phone	4 Nos	Direct communication by control room operators with field officials

11	Wi-Fi Router / Access Point	Enterprise Wi-Fi Router	1 No	Wireless internet/network connectivity inside control room
12	Network Rack	6U/9U Networking Rack	1 No	Organized placement of networking devices and accessories
13	Keyboard & Mouse Sets	Wireless / USB Combo	4 Sets	Operator system peripherals
14	Electrical & Networking Accessories	Power strips, LAN cables, conduits, etc.	Lump Sum	Required for infrastructure connectivity

C. Operational Manpower Requirements

Sl. No	Designation	No. of Resources	Key Responsibilities
1	Control Room Monitoring Executive	3	Real-time monitoring of vehicle tracking dashboards, CCTV feeds, ANPR/RFID alerts, trip compliance monitoring, incident reporting and escalation.
2	Command Control Room Supervisor	1	Supervising monitoring operations, alert escalation, coordination with state & district officials, report generation, and ensuring system uptime and operational compliance.

*****No deviations are accepted in the above mentioned specifications.**

The Bidder shall submit the name of Make, Brand & Model, year of manufacture, Manufacturer's Authorization Form (MAF), Product Brochure of each device / component proposed for supply as per defined format in Annexure

The said Command and Control Centre needs to be integrated with the GPS-Based Vehicle Location Tracking System (VLTS) devices installed for Whole sale & Retail food grain transportation vehicles across the state and CCTV Surveillance Systems installed at Wholesale Godowns across the State having the below technical specifications.

1. **<u>GPS-based Vehicle Location Tracking System (VLTS) Technical Specifications:</u>**
AIS-140 is an Automotive Industry Standard issued by MoRTH (Ministry of Road Transport & Highways, Government of India) for vehicle tracking devices (VTD) and emergency request buttons used in public transport and commercial vehicles.

1. Regulatory / Compliance Requirements

- Must be AIS-140 Certified by authorized test agencies (ICAT / ARAI)

- Compliance with:
  - AIS-140 Standard
  - Automotive EMC standards
  - Automotive environmental standards
- Device must have:
  - Unique IMEI number
  - Unique Device ID
  - Firmware version traceability

2. Positioning (GNSS) Specification

- Support for:
  - GPS (Mandatory)
  - IRNSS / NavIC
- Location Accuracy:
  - ≤ 5 meters CEP (typical)
- Cold Start: ≤ 60 sec
- Hot Start: ≤ 5 sec
- Tracking Sensitivity: High sensitivity GNSS chipset

3. Cellular Communication

- GSM / GPRS / 4G LTE
- SIM based communication
- Dual APN configuration support
- OTA configuration capability

Data Transmission:

- Real-time tracking packet transmission
- Store & Forward (when network unavailable)
- Configurable data push interval (e.g., 5 sec / 10 sec / 30 sec / 1 min)

4. Data Storage (Internal Memory)

- Minimum 40,000 – 50,000 records buffer
- Store when network unavailable
- Auto sync once network restored

5. Vehicle Interface & I/O Ports

Typical AIS-140 device supports:

Digital Inputs:

- Ignition status
- Panic button / emergency button
- Door open / close (optional)

Digital Outputs:

- Engine immobilizer (optional)

Analog Inputs (Optional)

- Fuel sensor integration
- Temperature sensor

6. Power & Battery

- Operating Voltage: 9V – 36V DC (Vehicle battery compatible)
- Internal Backup Battery:
  - Minimum 4 hours backup (Typical AIS requirement)
- Protection:
  - Reverse polarity protection
  - Over voltage protection

7. Emergency / Safety Features

- Emergency Request Button (ERB) Support
- Panic alert transmission
- Tamper detection:
  - Power disconnection alert
  - Device removal alert

8. Environmental Specification

- Operating Temperature:
  - -20°C to +70°C (Typical Automotive Grade)
- Humidity:
  - 95% non-condensing
- IP Rating:
  - IP54 / IP65

9. Firmware & Security

- Secure firmware update (OTA)
- Data encryption support
- Device authentication with server
- Configurable server IP / Port

10. Mandatory Alerts (AIS-140 Typical) Device must support event generation for:

- Ignition ON / OFF
- Power disconnects
- Tamper alert
- Over speed alert
- Geo-fence entry / exit
- Emergency / Panic alert

11. Protocol & Integration

- TCP / UDP data push
- NMEA support
- Custom binary protocol (OEM specific)
- Compatible with State ITS / Command Control platforms

12. Physical Specification

- Compact automotive grade enclosure
- Automotive connector harness
- LED indicators (Power / Network / GPS lock)

13. Certification & Marking Device must have:

- AIS-140 Certification Number
- Manufacturer Name
- IMEI printed
- QR / Barcode label

2. CCTV System Technical Specifications:

1. 4MP ANPR Camera

Feature	Specification
Image Sensor	1/1.8" 4MP CMOS Sensor (1.411 cm)
Effective Pixels	2688 (H) × 1520 (V)
Lens	10 mm – 50 mm Motorized Vari-focal, Max. Aperture F1.2
Minimum Illumination	0.0001 Lux
Shutter Speed	Auto/Manual, 1/25 s – 1/100,000 s
Video Compression	H.265, H.264M/H.264H/H.264B, MJPEG
WDR	140 dB, with BLC/HLC
Day/Night	Auto ICR switch — colour by day, monochrome (IR) at night
IR Illumination	4 × 850 nm IR LEDs, Range up to 30 m, 1–2 lanes covered
Speed Detection Range	0 – 180 km/h
ANPR Technology	Automatic recognition of vehicle license plate numbers and letters
Vehicle Detection	Motor vehicle and motorcycle target detection
Vehicle Type Recognition	SUV, Sedan, Bus, Van, Truck (Light/Medium/Heavy), Pickup, MPV, etc.
Vehicle Color / Logo Recognition	12 vehicle colours; 40+ vehicle logos/brands (nighttime colour recognition not supported)
Traffic Flow / Violation Detection	Speeding, wrong-way driving, illegal lane change, helmet/overload (2-wheeler)
GPS / OSD Overlay	Time, address, plate no., speed, lane no., violation event, GPS position
Trigger Mode	Video trigger / Radar trigger
I/O	Alarm IN: 3 Ch.; Alarm OUT: 2 Ch. (2 relay); Audio In/Out: 1 Ch. each; RS-232/RS-485: 2 each
Storage	SFTP, NAS, MicroSD card (Max. 512 GB)
Ethernet	1 × RJ-45, 10/100 M
Protocol	ONVIF (Profile S/G/T), HTTP/HTTPS, SNMP V3, TLS 1.2, RTSPS, SFTP, InstaOn
Cyber Security	AES 256-bit encryption, trusted boot/upgrade, IP/MAC filtering, security logs
Casing / Protection	IP67, IK10
Power Source	12 – 36 VDC, 3.33 A / PoE; Consumption ≤ 13 W
Operating Temperature	–40 °C to +65 °C, Humidity 10%–90% RH
Dimensions / Weight	466.4 × 135.8 × 134.1 mm / 3900 g
Certifications	ISO 9001:2015, ISO 20000-1:2018, CE, FCC, RoHS, BIS, STQC compliance, Government Approved

2. 4MP Varifocal Bullet IP Camera

Feature	Generic Specification
Image Sensor	1/2.7" 4MP CMOS
Lens	Motorized vari-focal, 2.7–13.5mm, F1.4

Minimum Illumination	≤0.001 lux (Colour); 0 lux (IR ON)
Illumination	IR + Warm Light, range up to 60m each
WDR	≥120 dB
Day/Night	Auto (ICR) / Colour / BCW
Video Compression	H.265, H.264, MJPEG
Stream Capability	Multi-stream (main + sub-streams)
Video Analytics	Tripwire, Intrusion, Intelligent Motion Detection
ROI / Privacy Mask	Supported, min. 4 zones each
Audio	Built-in mic; 1 audio in/out
Alarm I/O	1 alarm in, 1 alarm out
Storage	MicroSD (min. 512GB), SFTP backup
Network	RJ-45 10/100; ONVIF (Profile S/G/T); HTTPS, RTSP
Cybersecurity	AES-256 encryption, secure boot, HTTPS
Power	12VDC / PoE (802.3af)
Power Consumption	≤13 W max
Protection Rating	IP67, IK10 (optional)
Operating Temperature	–30°C to +60°C
Casing	Metal, weatherproof bullet housing
Dimensions / Weight	~238 × 91 × 91 mm / ~760 g
Certifications	CE, FCC, RoHS, ISO 9001

3. 4MP Fixed Lens Bullet IP Camera

Feature	Specification
Image Sensor	1/2.7" 4MP PS CMOS Image Sensor (0.9407 cm)
Effective Pixels	2688 (H) × 1520 (V)
Lens	3.6 mm (6 mm optional), Fixed-focal, M12 mount, Max. Aperture F1.4
Minimum Illumination	0.001 Lux (Colour, 30 IRE); 0.0001 Lux (B/W, 30 IRE); 0 Lux (IR ON)
Shutter Speed	Auto/Manual, 1/3 s – 1/100,000 s
Video Compression	Instastream, H.265, H.264/H.264H/H.264B, MJPEG (sub-stream)
WDR	120 dB, with BLC/HLC
Day/Night	Auto (ICR) / Colour / B/W
Illumination	2 IR LEDs (IR Range 50 m) + 2 Warm-Light LEDs (Range 30 m); Smart IR/Illumination
Stream Capability	Quad stream — Main 4MP@30fps, Sub-streams up to 720p/D1/VGA/CIF
IVS / Perimeter Protection	Tripwire, Intrusion Detection, IMD (Intelligent Motion Detection)
ROI / Privacy Mask	ROI: 4 areas; Privacy Mask: 4 areas
Audio	Built-in Mic; 1 Ch. Audio In/Out (RCA)
Alarm I/O	Alarm IN: 1 Ch. (5 mA, 3–5 VDC); Alarm OUT: 1 Ch. (300 mA, 12 VDC)
Storage	SFTP, MicroSD card (Max. 512 GB)
Ethernet	RJ-45 (10/100 Base-T)
Protocol	ONVIF (Profile S/G/T), HTTP/HTTPS, RTSP/RTSPS, SNMP V3, TLS 1.2, SFTP
Cyber Security	AES 256-bit encryption, trusted boot/upgrade, IP/MAC filtering,

	account lockout
Casing / Protection	Metal casing; IP67 C IK10 (optional)
Power Source	12 VDC / PoE (802.3af); Consumption: Basic 2 W (12 VDC) / 2.6 W (PoE)
Operating Temperature	–40 °C to +60 °C, Humidity ≤ 95% RH
Dimensions / Weight	238.5 × 90.7 × 90.7 mm / 720 g
Certifications	ISO 9001:2015, ISO 20000-1:2018, CE, FCC, RoHS, BIS, STQC, Government Approved

4. 16 Channel 4K Network Video Recorder

Feature	Generic Specification
IP Camera Input	16 channels
Processor / OS	Industrial-grade processor, Embedded Linux
Video Compression	H.265, H.264, MJPEG
Decoding Capability	Up to 32MP (multi-channel, resolution-dependent); scales down per channel as resolution increases
Network Bandwidth	≥384 Mbps in/rec/out (AI disabled); ≥200 Mbps (AI enabled)
AI by NVR	Face detection & recognition, Perimeter protection, Intelligent
	Motion Detection (IMD+)
AI by Camera	Face detection/recognition, Video metadata (human/vehicle), Perimeter protection, ANPR, People counting, Heat map, Stereo/crowd analysis
Face Database	Minimum 20 databases / 20,000 face images
ANPR / License Plate DB	Minimum 20,000 plate records; blocklist/allowlist support
Hard Disk	2 × SATA, up to 20 TB per disk
Video Output	1 × HDMI (4K), 1 × VGA
Interfaces	2 × USB (2.0/3.0), RS-232, RS-485, 1 × Gigabit Ethernet
Alarm I/O	Min. 4 inputs, 2 outputs
Protocols	ONVIF (Profile S/T/G), HTTP/HTTPS, TCP/IP, DHCP, SNMP, P2P, iSCSI
Mobile / Playback	iOS/Android app support; Instant, Event, Smart playback
Power	12 VDC, ≤10W (without HDD)
Operating Temperature	–10°C to +55°C
Dimensions / Weight	~375 × 284 × 56 mm / ~1.6 kg (without HDD)
Certifications	CE, FCC, RoHS, ONVIF

5. 16 Port Gigabit Unmanaged PoE Switch (2 SFP Ports)

Feature	Specification
Network Ports	20 Ports total
PoE Ports	16 × RJ-45, 10/100/1000 Mbps, Max. 30 W output per port
Uplink Ports	2 × 1000 Mbps RJ-45 + 2 × Gigabit SFP ports
Networking Standard	IEEE 802.3, 802.3u, 802.3ab, 802.3z, 802.3x
PoE Standard	IEEE 802.3af / 802.3at
PoE Power Budget	200/240 W total
Switching Capacity	40 Gbps (Full-duplex)
Packet Forwarding Rate	29.76 Mpps

MAC Address Table	8K
Packet Buffer	3 Mb
Forwarding Mode	Store-and-forward
Extend Mode	Ports 9–16 extendable up to 250 m at 10 Mbps (watchdog enabled)
Indicators	Power, Mode, Link/Data (1–20), PoE (1–16), PoE Max load indicator
Installation	Plug-and-play, desktop design, no configuration required
Power Source	Built-in power supply, Input 110–240 VAC, 50/60 Hz
Power Consumption	< 5 W (switch only, excluding PoE load)
ESD / Surge Protection	ESD: 8 KV (air) / 6 KV (contact); Surge: 4 KV common mode / 2 KV differential mode
Operating Temperature	–10 °C to +50 °C, Humidity 10%–95% (non-condensing)
Dimensions / Weight	320 × 207 × 44 mm / 1780 g
Certifications	ISO 9001:2015, ISO 20000-1:2018, ISO 14001:2015, ISO 45001:2018, ISO 50001:2018, CE, FCC, RoHS, TEC/MTCTE

6. Surveillance Hard Disk Drive (for NVR)

Feature	Specification
Product Type	Surveillance-grade Hard Disk Drive
Storage Capacity	Minimum 4 TB
Form Factor	3.5-inch Internal HDD
Interface	SATA III (6 Gb/s) or higher
Recording Technology	CMR (Conventional Magnetic Recording) preferred
Optimized Application	24×7 Video Surveillance Recording
Rotational Speed	Minimum 5400 RPM
Cache Memory	Minimum 256 MB
Sustained Transfer Rate	Minimum 180 MB/s
Workload Rating	Minimum 180 TB/Year
Reliability (MTBF/MTTF)	Minimum 1 Million Hours
Operating Mode	Continuous 24×7 Operation
Power Consumption (Operating)	Maximum 8 Watts
Operating Temperature	0 °C to 65 °C or better
Compatibility	Compatible with standard DVR, NVR, Hybrid Recorder and Video Servers

7. 6U Rack

Feature	Specification
Rack Type	19-inch Wall Mount Rack
Height	6U (units)
Width	Standard 600 mm (24 inches)
Depth	450 mm to 600 mm
Material	Cold rolled steel with powder-coated finish

Load Capacity	Minimum 100 kg static load
Mounting	Wall mount brackets included, adjustable mounting rails, EIA-310 compliant
Cooling	Ventilated or perforated side and rear panels
Doors	Lockable front glass door, perforated/solid metal rear panel
Cable Management	Cable entry points with grommets, cable management brackets
Accessories Included	Mounting rails, shelves, fans, blanking panels, cable ties, power strip (optional)
Security	Lockable doors and side panels
Standards Compliance	EIA-310-D, ISO/IEC 297, RoHS
Installation	Wall mounted
Operating Conditions	Temperature 0 °C to 40 °C, Humidity 10% to 90% non-condensing

8. AI Edge Device / LPU (Edge Computing Module)

Feature	Specification
Device Type	AI Edge Computing Device
SoC / Platform	Edge NPU Platform
CPU	6-Core ARM Cortex-A78AE
GPU	Ampere GPU, 512 CUDA Cores
AI Accelerators	2 × DLA + PVA
AI Performance	~50 TOPS
RAM	8 GB LPDDR5
Storage	233 GB NVMe SSD (~200 GB usable)
Network Interfaces	1 × Gigabit Ethernet, 802.11ac Dual-Band Wi-Fi, 4G/5G SIM support
Camera Input	Up to 6 × MIPI CSI-2
Display Output	HDMI 2.1, DisplayPort 1.4
USB	Multiple USB 2.0 C 3.0
Video Encode/Decode	H.264/H.265 (NVENC) encode; H.264/H.265/VP8/VP9 decode
Operating System	JetPack Linux R36.4.3
Integration	Direct IP/PTZ camera integration; NVR and legacy DVR integration; VMS API / built-in VMS
Connectivity Failover	Automatic switching between Ethernet, Wi-Fi, and 4G/5G
Security	256-bit AES encryption, Role-Based Access Control, Multi-Factor Authentication

9. 21" Monitor / Display

Feature	Specification
Backlight	LED Backlight
Screen Size	>= 21 inch
Max. Resolution	1920 × 1080 @ 60 Hz (Full HD)
Pixel Pitch	0.08275 × 0.24825 mm
Brightness	200 cd/m²
Contrast Ratio	3000:1

Response Time	6.5 ms
Colour	16.7 M
Viewing Angle	178° (H) / 178° (V)
Interfaces	1 × HDMI Input, 1 × VGA Input
Power Supply	DC 12V; Adapter AC 100–240V, 50/60Hz
Power Consumption	≤ 30 W (Standby ≤ 0.5 W)
Special Features	3D comb filter, 3D De-interlace, 3D noise reduction, Green energy standby
Mounting	VESA M4, 75 × 75 mm; Pedestal included; Wall-mount optional
Operating Temperature	–10 °C to 55 °C, Humidity 20%–93% (No condensation)
Dimensions (W×H×D)	503 × 298.3 × 35.9 mm (without pedestal)
Net Weight	2.4 kg
Accessories	HDMI cord, Power cord, User manual, Base bracket

10. 2 KVA Conventional UPS

Feature	Specification
Capacity	2 KVA / 1.6 kW
Input Voltage Range	160 – 280 V AC, 50 Hz
Output Voltage	220 / 230 V AC ± 10%
Waveform	Pure sine wave
Battery	Sealed Maintenance-Free (SMF) / VRLA, 12V, sized for required backup
Typical Backup Time	30 minutes at full load (site-dependent — confirm with vendor)
Efficiency	> 90%
Protection	Overload, short circuit, deep discharge, reverse polarity, surge, over-temperature
Display	LED/LCD status and fault indication
Communication	USB / RS-232 (optional, for monitoring software)
Operating Temperature	0 °C to 40 °C
Certifications	ISO 9001, CE (to be confirmed against selected model)

11. CAT6 Cables, Power Cables, Networking C Electrical Accessories

Feature	Specification
Cable Type	Cat6 UTP/STP Ethernet cables for data transmission
Cable Length	As per site requirement / specified length
Cable Construction	Solid copper conductor, PVC/LSZH insulation and jacket
Shielding	UTP (Unshielded Twisted Pair)
Standards Compliance	ISO/IEC 11801, TIA/EIA-568-C.2
Conductor Size	23 AWG or 24 AWG
Maximum Distance	100 meters per run (standard Ethernet limitation)
Conduit Type	PVC / HDPE / Flexible metallic conduit, as per site conditions
Conduit Diameter	20 mm to 25 mm (or as per cable bundle size)
Installation	Concealed / Surface mounted as per site conditions
Fire Rating	Flame retardant and fire resistant conduits

Power Cabling	As per load calculation, sized per applicable electrical code, with proper earthing

12. Integrated Video Analytics

Feature Category	Description
Vehicle Number Plate Tracking	Automatically identifies and records license plate numbers of vehicles.
Load Tracking	Tracks and counts the number of loads transported or handled.
Face Recognition Attendance	Recognizes staff faces to manage and log attendance efficiently.
Intrusion Detection System	Detects unauthorized access or movement within restricted zones.
Zone Breach Alarms	Alerts triggered when predefined security zones are breached.
Camera Anti-Tampering System	Detects tampering attempts like movement, covering, or disabling the camera.
Sack Count	Detect the number of sacks in the entry (individually)

13. Installation, Testing and Commissioning

Scope of work includes, but is not limited to:

- Mounting of CCTV cameras, NVRs, PoE switches, AI Edge devices, and allied accessories.
- Laying of LAN cables, termination and integration with network switch/rack.
- Configuration of cameras (IP addressing, resolution, frame rate), network devices, and connectivity with the central Control/Command Center.
- Installation and configuration of the Biometric Attendance unit and integration with the access control workflow.
- Field-level testing for video clarity (day/night), AI/ANPR functions, redundancy checks, and failover testing.
- End-to-end system testing, documentation, and handover with as-built records.

SECTION VII: QUALIFICATION CRITERIA

Sl. No	Qualification Criteria	Mandatory Documents to be uploaded by the Bidder
1	**Bidder should be either:** • A company registered under the Indian Companies Act, 2013 / 1956 OR • A partnership firm registered under the Limited Liability Partnerships (LLP) Act,2008 OR the Indian Partnership Act, 1932 OR • Proprietorship Firm	1. In case of a company: - i. PAN Card ii. Valid GST Registration certificate 2. In case of Partnership Firms: - i. Registered Partnership Deed ii. PAN Card iii. Valid GST Registration certificate 3. In Case of Proprietorship firm i. Certificate of Incorporation ii. Valid GST Registration certificate iii. PAN Card
2	The bidder shall have an average annual turnover of not less than Rs. 5 Crores during the last three financial years 2023-24, 2024-25 and 2025-26	The Bidder shall submit financial turnover certificate for the last three years duly certified by CA with UDIN Number (Annexure prescribed).
3	Bidder should have Experience in Developing/Deploying of at least 2 Software Projects for any Central Government or State Government Department/ Government Institutions/Semi-Government Organizations in last five years i.e. FY 2020-21, 2021-22, 2023-24, 2024-25 and 2025-26	The Bidder shall submit GO-Live/ Ongoing Project Confirmation certificate if it is ongoing project and shall submit completion certificate if the project is completed. These certificates shall be issued by the Competent Authority.
4	The Bidder should have an experience of hosting atleast 1 software projects developed by them at KSDC (Karnataka State Data Center) server	Document establishing the proof of Hosting at KSDC- like work orders issued by competent authority/ Hosting certificate issued by KSDC or any other supporting document shall be submitted
5	The Bidder Should submit valid PF and ESI Registration Copy	Should submit valid Certificates

6	1.There shall not be any criminal case filed against the Bidder or any of the Directors, Promoters, Key Managerial Personnel or any of the partner companies (in case of partnership firm) by any Central or State Government Departments or Central & State Government Undertakings or Central & State Government Institutions in India in the last five (05) years i.e. 2021-22, 2022-23, 2023-24, 2024-25 and 2025-26 on account of failure in implementation of any project or supply of refurbished, outdated devices in any state. 2.The Bidder or any Directors, Promoters, Key Managerial Personnel or any of the partner companies (in case of partnership firm) should not have been debarred or blacklisted or service terminated or Performance Bank Guarantee forfeited by any Central or State Government Departments or Central & State Government Undertakings or Central & State Government Institutions in India for Corrupt & Fraudulent activities or security clearance or on account of failure in implementation of any project or supply of refurbished, outdated devices in the last five (05) years i.e. 2021-22, 2022-23, 2023-24, 2024-25 and 2025-26 in any state.	The Bidder Should submit a Notarized self-declaration in the form of affidavit on Rs. 500/- stamp paper for the same.

Technical Evaluation Criteria

Technical Evaluation Committee here in also called as Tender Scrutiny Committee (TSC) formed by the department will evaluate both technical & commercial bids.

1. Technical Evaluation Criteria

(a) The Bidders Technical Bid shall be evaluated as per the requirements specified in the technical evaluation framework as mentioned below i.e QCBS system.

(b) Each Technical Bid will be assigned a technical score out of maximum 100 marks. Only the Bidders who get an Overall Technical score of 70 or more in the Technical Evaluation will be considered as responsive bids and will qualify for Financial Evaluation stage. Failing to secure a Minimum Technical Score of 70 marks shall lead to technical disqualification of the Bid.

(c) Bids that are not substantially responsive are liable to be disqualified as per Law and as per Tender Document.

(d) The tender inviting authority reserves the right to verify the original documents, copies of which submitted through Public Procurement Portal during the submission of tender. The bidder shall produce the Original Documents as and when requested by the Tender inviting authority. Failure on the part of the Bidder to produce original document on demand as soon as possible at any point of time may result in rejection of the bid.

Quality and Cost Based System (QCBS)

Sl. No	Evaluation Criteria	Basis of Evaluation and Marks	Supporting Documents to Be submitted
1	The bidder shall have experience in atleast deploying two Software projects for any Government Department, Government Institution, Semi-Government Organization,) in any five preceding financial years, namely FY 2021–22, FY 2022–23, FY 2023–24, FY 2024–25 and 2025-26	1. Minimum 2 projects **- 10 Marks** 2. 3 Projects **– Additional 05 Marks** 3. 4 projects **– Additional 05 Marks** 4. 5 projects **– Additional 05 Marks** **1.** 6 or more than 6 projects **– Additional 05 Marks**	The Bidder shall submit GO-Live/ Ongoing Project Confirmation certificate if it is ongoing project and shall submit completion certificate if the project is completed. These certificates shall be issued by the Competent Authority.
	Total Marks– 30		
2	The Bidder shall have experience in successfully executing One or more project(s) involving the supply, installation, configuration, integration, testing, commissioning, operation, maintenance, and management of a complete Command and Control Centre (CCC) infrastructure, including integration of GPS-Based Vehicle Location Tracking System of atleast minimum 10000 vehicles or minimum 150 CCTV Surveillance Systems, for any Government Department, Government Institution, Semi-Government Organization, in any five preceding financial years, namely FY 2021–22, FY 2022–23,	1. One or more projects in establishment of Command Control Centre by integration of GPS-Based Vehicle Location Tracking System with minimum 10,000 vehicles or minimum 150 CCTV Surveillance Systems **- 10 Marks** 2. One or more projects in establishment of Command Control Centre by integration of GPS-Based Vehicle Location Tracking System with minimum 10,001 to 20,000 vehicles or minimum 151 to 200 CCTV Surveillance Systems **- Additional 5 Marks** 3. One or more projects in establishment of Command	The Bidder shall submit GO-Live/ Ongoing Project Confirmation certificate if it is ongoing project and shall submit completion certificate if the project is completed. These certificates shall be issued by the Competent Authority.

	FY 2023–24, FY 2024–25 and 2025-26	Control Centre by integration of GPS-Based Vehicle Location Tracking System with minimum 20,001 to 30,000 vehicles or minimum 201 to 250 CCTV Surveillance Systems - **Additional 5 Marks**	
		4. One or more projects in establishment of Command Control Centre by integration of GPS-Based Vehicle Location Tracking System with minimum 30,001 to 40,000 vehicles or minimum 251 to 300 CCTV Surveillance Systems - **Additional 5 Marks**	
		5. One or more projects in establishment of Command Control Centre by integration of GPS-Based Vehicle Location Tracking System with minimum with more than 40,001 vehicles or more than 301 CCTV Surveillance Systems **- Additional 5 Marks**	
	Total Marks – 30		
3	The Bidder should have an experience of hosting atleast 1 software projects developed by them at KSDC (Karnataka State Data Center) server	1. One Software project hosted at KSDC **- 10 Marks**	Document establishing the proof of Hosting at KSDC- like work orders issued by competent authority/ Hosting certificate issued by KSDC or any other supporting document shall be submitted.
		2. Two Software projects hosted at KSDC **– Additional 10 Marks**	
		3.Three and more than three software projects hosted at KSDC **– Additional 10 Marks**	
	Total Marks – 30		

4	Bidders shall provide detailed PPT Presentation understanding the Scope of the Project, Technical Approach, Methodology, Implementation & Work Plan. In addition, the PPT presentation shall also include detailed presentation of the Bidders experience in executing similar projects in other Government Departments.	The parameters for allotment of marks will be decided by the department before the PPT Presentation. **Max Marks 10.**	PPT Presentation
	Total Marks – 10		
	Grand Total Marks – 100		

NOTE:

1. A bidder possessing experience in supply, installation, configuration, integration, testing, commissioning, operation, maintenance, and management of a complete Command and Control Centre (CCC) infrastructure, including integration of GPS-Based Vehicle Location Tracking System and CCTV Surveillance Systems, shall be deemed to have an experience in both Command and Control Centre (CCC) infrastructure project and also execution of software projects and as such marks shall be awarded accordingly under the relevant QCBS criteria based on their experience in handling the minimum number of vehicles or CCTV's .

2. Those bidders who score minimum 60 marks in Technical Qualification Criteria excluding the marks allotted for PPT presentation shall be eligible to give PPT Presentation.

3. The Bidder should provide a detailed Technical presentation about Understanding the Scope of the Project, Technical Approach, Methodology, Implementation and Work Plan, Capacity building, Project planning & implementation, Detailed specifications of the devices, Compliance with required certification, and other requirements as specified in the tender document whenever the authority intimates through a letter in email.

4. Bidders must score minimum 5 marks out of 10 marks in the PPT Presentation. Those bidders who are scoring below 5 marks regardless of their overall technical evaluation score shall be disqualified.

5. The Bidder who has more experience in implementing the similar Command Contrl projects with the integration of VLTS and CCTV in Central / State Government Departments will be given priority over the other bidders if there is a tie after opening the financial bid.

Financial Bid Evaluation

Financial Bids of only those bidders who score a minimum of 60 marks in the technical qualification criteria and minimum 5 marks in PPT Presentation will be considered. It is mandatory that the Bidder should score minimum 5 marks in PPT presentation irrespective of Technical marks scored. If the Bidder has scored 60 or more than 60 marks in Technical qualification Criteria but if he has scored less than 5 marks in PPT presentation then he is considered to be disqualified.

Only fixed price financial bids indicating total price for all the deliverables and services specified in this bid document will be considered.

a) The price quoted will be valid till the end of contract period.

b) Any conditional bid would be rejected

c) All prices and rates quoted by the bidder shall be entirely in Indian Rupees only. All the payments shall be made in Indian Rupees only.

d) The tender would be evaluated on Quality and Cost Based Selection (QCBS) Evaluation based on weightage of Technical Proposal (70%) including PPT Presentation marks & Financial Proposal (30%).

e) The Technical Score of a Bidder (Tb) will be assigned to the Tenderer based on the Technical Evaluation Criteria as specified. The Authority's decision in this regard shall be final & binding and no further discussion will be held with the Bidder whose bids are technically disqualified / rejected. Bidder with Technical Score of 70 and above will qualify for the evaluation of commercial bids. The total Technical Scores achieved by the Tenderer shall be shared with the Tenderers and under no circumstances will the breakup of the Technical Score be shared with the Tenderer.

f) The weightage of the technical and financial parameters will be in the ratio of 70:30 respectively. For calculation of the combined Technical and Financial Score of all Bidder, following formula will be used:

$$\text{Total Score} = [(\text{Technical Score} \times 0.70) + ((\text{LP}/\text{OP} \times 100) \times 0.30)]$$

Where LP is the Lowest Price offer of the Technically Qualified Bidder and OP is the Offer Price of the bidder being evaluated. The Bidder with the Highest Score (hereinafter referred to as "H1") shall be awarded the Contract as per the tender.

g) In the event of a tie, the bid with highest technical score will be rated as the best bid. Beyond that, the Tender Accepting Authority will decide the matter in its full discretion.

h) Formula to determine the scores of financial Bid is: SF=(LP/OP)*100

where,

SF is the Financial Score
FL is the value of the Lowest Price Bid
OP is the Offer Price quoted in the bid under consideration

Price Schedule

Sl. No	Scope of Work	Amount (INR) -Incl GST
1	Establishment of Integrated Public Distribution Monitoring System by Supplying, Installation, Commissioning, Establishment, Operation, Maintenance and Management of State-Level Command and Control Centre at the Office of the Commissioner, Food, Civil Supplies and Consumer Affairs Department, Bengaluru, Karnataka by integrating Vehicle Location Tracking System Devices (GPS) and Warehouse Surveillance Systems (CCTV) across the State. The proposed State-Level Command and Control Centre will be set up at the Office of the Commissioner, Food, Civil Supplies and Consumer Affairs Department, Bengaluru, Karnataka and will be hosted on Karnataka State Data Centre (KSDC) infrastructure.	Amount to be furnished solely through the Financial Bid section of the e-Procurement portal; not to be indicated anywhere in the Technical Bid
2	AMC (Annual Maintenance Contract) Charges, per annum-	In addition to the Lumpsum Price quoted at Sl. No. 1 of the Financial Bid on the e-Procurement portal, the Bidder shall submit a duly signed AMC Offer Letter (Format at Annexure-H) declaring the AMC (Annual Maintenance Contract) rate, expressed as a percentage (%) of the Lumpsum Price quoted at Sl. No. 1.
	Price in Figures and words:	

Note:

1. The price quoted shall be inclusive of GST and other statutory mandates.
2. The Bidder shall quote a single lump sum price covering all the above said services specified in the scope of work. Item wise rates/prices shall not be quoted and will not be considered for evaluation.
3. The Bidder shall provide a separate detailed break-up of the lump-sum price quoted in the price schedule for the CAPEX and OPEX components as per the format prescribed in the Annexure - E.
4. In case of any discrepancy between the unit price and the total price, the unit price

will prevail over any other prices.

5. The price quoted above is not subject to any variation and shall be valid till the end of the Contract period.

Signature of Tenderer ……

Award Criteria

The Purchaser will award the Contract to the successful bidder whose proposal has been determined to be substantially responsive and has been determined as the most responsive bids as per the process outlined above.

a. Bidder who has scored the highest number of marks from the QCBS System shall be declared as selected bidder.

b. After selection, a letter of Acceptance (the“LOA”) shall be issued in duplicate by the department to selected bidder and selected bidder shall within seven days of receipt of LOA, sign and return the duplicate copy of LOA in acknowledgement thereof. In the event the duplicate copy of LOA duly signed by selected bidder is not received by the stipulated date, department may, unless it consents to extension of time for submission thereof or will forfeit the EMD of such bidder, considering damages on account of failure of the Selected bidder to acknowledge the LOA.

c. After acknowledgement of LOA as aforesaid by selected bidder, it shall cause such bidder to submit Bank Performance Guarantee and execute the contract agreement within the period prescribed.

d. The Purchaser reserves the right to reject any or all offers received from the bidders without assigning any reasons.

SECTION VIII: Tender Form

1 SUBMISSION OF TENDER

a. Interested parties with relevant experience to undertake supply of Tendered products as per the scope of the work and meeting eligibility criteria are required to submit their technical and Financial bids through https://kppp.karnataka.gov.in.

b. The Name of the Bidding entity and authorized signatory of the tender shall be as registered in the https://kppp.karnataka.gov.in and shall be uniform/same across all the supporting documents submitted by the bidder. The supporting documents submitted towards various eligibility criteria like turnover, past performance, licenses, Registration certificates etc., having different names (such as variation in spellings, words, names of sister/associated companies or Group of companies) will be at the discretion of Purchaser whose decision shall be final. In case of change in the name of the Bidding entity itself during the timeline due to Management decisions, amalgamation, acquisition etc.., necessary amendment documents as approved by the Government authority shall be submitted along with Technical documents. Otherwise, the bids are subject to rejection. In case of tender being signed by other than the Authorized signatory registered in the E-portal, the bidder shall submit necessary General Power of Attorney issued by the Authorized signatory for signing of the Tender documents and submission on his behalf.

c. The bidder under no circumstances will be allowed to update/amend or furnish additional documents manually in support of eligibility criteria/specification etc., after opening of the Technical bids. Only the document submitted through e-portal will be considered for evaluation of the bids. However, the tender inviting authority reserves the right to seek clarifications/additional information/documents from the bidder for cross verification during the course of evaluation, if necessary.

SECTION IX: EARNEST MONEY DEPOSIT (EMD)

1. The earnest money deposit shall be denominated in Indian Rupees and shall:

   a) Should furnish EMD online through e-portal as per the options available.

   Note: For Micro and Small Enterprises registered with NSIC under a single point vendor registration scheme are exempted from payment of Earnest Money Deposit (EMD) as per the GO/Circular guidelines/amendments issued by the GOK from time to time

   i) Micro and Small Enterprises (MSEs) registered under Udyam Registration are eligible to avail the benefits under the policy.

   ii) The MSEs are required to submit copy of documentary evidence, issued by their registering authority whether they are micro enterprise or small enterprise as per provisions of Public Procurement Policy for Micro and Small Enterprise (MSEs) Order, 2012 with latest guidelines/clarifications provided by MoMSME.

   This documentary evidence is to be uploaded in the link provided under Additional Document.

   b) Should remain valid for a period of 45 days **beyond** the original validity period of tenders, or beyond any period of extension subsequently requested under ITT Clause 14.2.

2. Any tender not secured in accordance with ITT Clauses 13.1 and 13.3 above will be rejected by the Purchaser as non-responsive, pursuant to ITT Clause 22.

3. Unsuccessful Tenderer's earnest money deposit will be discharged/returned as promptly as possible but not later than 30 days after the expiration of the period of tender validity prescribed by the Purchaser, pursuant to ITT Clause 14.

4. The successful Tenderer's earnest money deposit will be discharged upon the Tenderer signing the Contract, pursuant to ITT Clause 28, and furnishing the performance security, pursuant to ITB Clause 29.
